## Warden Release Is Urged

**Grand Jury Learns Federal Prisoners Received Special Treatment In Jail**

ST. LOUIS (AP)—A Circuit Court grand jury has found that some prominent federal prisoners got special treatment during stays at the St. Louis jail and placed the blame on Warden E. E. Hensley.

A report was made yesterday to Circuit Judge William K. Koerner. The grand jury returned no indictments.

It strongly recommended, however, that Warden Hensley's resignation be accepted "no later than June 30, 1955."

The grand jury reported some prisoners, including several AFL labor leaders who had been convicted of violating federal anti-racketeering laws, got special food brought in by guards.

They also were allowed as many outside visitors as they wanted and at any time, the report continued.

The jury severely criticized the jail administration, saying there was a lack of written rules for guards or prisoners. It urged that visitors and guards be searched from now on and that a register visitors be kept.

"By Warden Hensley's own testimony, he was not only familiar with the situation," the grand jurors reported, "but was the motivating force behind it."

The report also said Mrs. Hensley had accepted a piece of luggage from one of the prisoners, but the report did not name the prisoner.

The investigation began after the Globe-Democrat published reports that such favors had been given some prominent federal prisoners. Hensley and his deputy warden, Russell Richardson, went on leave of absence without pay during the inquiry.

The grand jury said Richardson should not be criticized for telling newspapers about the situation in aid of going to higher city officials.

"This jury has become aware, by testimony by many witnesses, of a situation that existed that would seem to preclude the assistant warden from receiving a fair hearing on the charges," the report said.

## Sedalia's Getting Bargains In Milk From Dairy 'War'

Sedalia housewives are getting the benefit of a milk war which seems to be starting here. It began recently with a coupon credit, then giving away additional milk and today, in some instances actually cutting the price. The creation of the war is not credited to the grocers but, as he said, to "Kansas City dairies which sell milk to various local and chain grocery stores here in Sedalia."

Some grocers were reported to have dropped the price in accordance with the dairies program to 18 cents a half-gallon, while other stores are maintaining a margin of profit and have cut the price down to between 18 and 22 cents, a half gallon.

Information prevalent on the "war" started some time ago when a Kansas City dairy attached to each bottle of milk a coupon giving a five cent credit. Then another gave away a package of cheese with the milk and then a quart of milk was given free with each half-gallon, and later a quart of chocolate milk with a half-gallon of milk.

Today one dairy came in with a straight price cut of 18-cents for a half gallon, a cut of 17-cents on the retail price. Other dairies from Kansas City it was reported did not have time to change their program to cutting the price, but have the give-away quart program.

The price is being met locally.

## Too Great a Risk

We're afraid to commend or criticize the weather, because it will surely reverse itself and make us seem silly on April Fool's Day.

Considerable cloudiness through Saturday with occasional light showers tonight; high Saturday near 60; low tonight near 40.

The temperature one year ago today, high 57, low 25; two years ago, high 57, low 41, with .71 inch of moisture; and three years ago, high 78, low 39.

Stage at the Lake of the Ozarks 55.0, a fall of .2.

The temperature at 7 a.m. was 50, 56 at 1 p.m., 57 at 2 p.m. Rainfall to 1 p.m. .06 inch.

## McCormick's Career Ended At Farm Home

**Conservative Editor Controlled Policies Of Chicago Tribune**

CHICAGO (AP)—Col. Robert McCormick, 74, colorful editor and publisher of the Chicago Tribune, died early today.

He had been in failing health for several years but remained active in his work until early last month.

Death came at his farm home west of Chicago at 2:47 a.m.

McCormick, who gained the title of colonel from World War I service, was the key man in a publishing organization which owns the newspapers with the largest circulations in the United States—the Chicago Tribune and the New York Daily News.

He stepped into an executive post at the Tribune in 1911, when it had a daily circulation of about 200,000. Last September the Tribune had a daily circulation of 892,058 and a Sunday circulation of 1,392,384.

McCormick had been hospitalized several times in recent years. He had pneumonia in April 1953 after returning from a trip to Europe. Later the same year he was troubled by erysipelas.

On Jan. 19 he underwent an abdominal operation to correct adhesions and a bladder and liver condition. He left the hospital seven days later and went to Florida.

He returned to Chicago March 10, spent 10 days under observation in a hospital and then went to his farm, Cantigny, near Wheaton, 20 miles west of Chicago.

He had a long and active career. He shaped the policies of the Tribune, largest standard-sized newspaper in this country, which each day proclaims itself on Page 1 as "the world's greatest newspaper."

The Tribune fought federal prohibition, ferreted out medical quacks, argued against foreign involvements and opposed entry of the United States into World War II right up to Pearl Harbor.

It was a constant critic of the Democratic administrations of Franklin D. Roosevelt and Harry S. Truman—and it brandished its broadsword at many Republicans too.

## Teachers to Get Air Base Tour After a Delay

Teachers scheduled to visit Sedalia Air Force Base as part of Business-Education day who were prevented from following through by the weather, will have a second chance Saturday.

Approximately ten teachers will meet at 9 a.m. at the Chamber of Commerce building. At that time they will meet Col. A. J. Beck, wing commander, and Col. Charles V. Neil, base commander.

From 10 to 10:45, they will have orientation talks on the base's mission, its organization, expenditures, and material.

From 11 to 12 they will go on a tour of the air base training flight. Lunch at the officers' club will be from 12 to 1 p.m.

From 1 until 2 they will take a tour of one of the bomb squadrons. They will see the operation of the KC97 and the B47. From 2 to 3, the teachers will tour the maintenance section and from 3 to 3:30 they will be given a bus tour of the base and then will return to Sedalia.

## Plan to Build Cattle Guard on Bahner Farm

One of the new concrete cattle guards will be constructed on the Rudy Rehmer farm northeast of Bahner next Wednesday afternoon, April 6. The meeting is called for 2 p.m. Rudy lives about two miles east and two miles north of Bahner and then back to the west and north on a private road. More information can be obtained at the County Extension office.

## Senate Approves Treaties

**Langer, Malone Vote Against Twin Pacts On German NATO Entry, Sovereignty**

WASHINGTON (AP)—The Senate today approved the German rearmament treaties by an overwhelming vote.

The roll call tally was 76-2, with Sens. Langer (R-ND) and Malone (R-Nev.) voting against.

The twin pacts, which Secretary of State Dulles said will give West European unity an "irreversible reality," give sovereignty to the republic of West Germany, bring her into the North Atlantic Treaty Organization and provide for a brand new 12-division German army.

East Germany is occupied by the Soviet Union.

The historic Senate action, deliberately delayed until France and Germany had approved the treaties, culminates a 5-year U.S. effort to array Germany's potential military power on the side of the West in the cold war against Russia.

Only one vote was taken in the Senate on the two pacts. Sen. George (D-Ga.) asked that that vote be officially recorded as covering each treaty separately.

George chairman of the Foreign Relations Committee, told the Senate in a brief debate on the agreements that they would "improve the chances" both for unification of Germany and for talks between Western and Russian Leaders on a basis that might produce something "constructive."

"It is unthinkable that we should now refuse to ratify them or that we should unduly prolong the debate," George said.

In testimony before the Foreign Relations Committee on the two treaties, Secretary of State Dulles said the new arrangements would make West European unity an "irreversible reality."

The Foreign Relations Committee recommended approval yesterday 14-1. Sen. Langer (R-ND), voting "no," said, "These treaties are just a repetition of the (World War I) Versailles Treaty. They are courting a future war."

Langer took particular exception to the new French-German agreement on the Saar Basin, which binds that coal-rich area economically to France. The Saar agreement does not require U.S. approval.

"The Germans had the Saar for 1,000 years," Langer said in an interview.

One of the pacts would end the formal occupation of West Germany by the United States, Britain and France. Germany could build a 12-division army, a small coastal navy and an air force under rigid restrictions.

The other treaty would bring West Germany into the North Atlantic Treaty Organization as the 15th member.

The treaties have already been approved by both the French and the Germans, and by most other nations concerned. Only Denmark, Belgium, the Netherlands and Luxembourg have not finally acted. No difficulties are anticipated there.

## News Flashes--

**Grunewald Is Sentenced**  
NEW YORK (AP)—Federal Judge Archie O. Dawson today sentenced Archie W. (The Dutchman) Grunewald, Washington influence peddler, to five years in prison and fined him \$10,000 for conspiracy in a \$160,000 tax fix case.

## General Vote Defeated

TOPEKA (AP)—The House today killed an eleven hour attempt to bypass Gov. Fred Hall and send the "right to work" issue to a vote of the people in the 1956 general election.

## Hot Jazz and Classic Dancing--

## Duo To Give Last Performance Of Community Concert Season

Tonight at 8:15 in Smith-Cotton Auditorium, the Community Concert Association will wind up the current season with the well-known dance artists, Ruthanna Boris and Frank Hobi.

They will be assisted by Stanley Zompakos and pianist Paul Kueter in a program marked by productions scheduled to please all tastes.

The program will open with a four-part dance to "Sonata," by Robert Schumann. Miss Boris did the choreography. This will be followed by two piano selections, "Intermezzo," by Brahms, and Chopin's "Waltz in E minor." Frank Hobi did the choreogra-

## Texas School Voting Set for Canvassing Before New Elections

IRVING, Tex. (AP)—An official canvass of the vote in the Irving election which last Saturday abolished the independent school district was set today.

After the canvass, County School Supt. L. A. Roberts will name three trustees to administer the schools as a common district.

Saturday's election was called after supporters of Dr. John L. Beard, Irving superintendent who was fired, petitioned for it. It abolished the old independent district and ousted the school board.

Petitioners will ask a new election, they said, to recreate the school district and elect a new school board.

## Stassen Men Take Counsel To Hearings

**Foreign Aid Office Employees Defended Against Senators**

WASHINGTON (AP)—Foreign aid chief Harold E. Stassen today backed away from a head-on clash with the Senate Investigations subcommittee over rights of its staff to question his employees.

Stassen's Foreign Operations Administration sent three employees to the subcommittee's headquarters with announced orders to "answer all questions" put by the staff although only last night an FOA spokesman had said they would not show up.

The three were half an hour late and brought along a private attorney. Their delay in showing up stirred speculations as to whether there had been intervention in the row by the White House or senators close to Stassen.

Stassen took a stand yesterday that subcommittee staff investigators should not question his employees unless he or one of FOA's top lawyers was present.

Stassen did not challenge the right of senators to question his employees—only the right of the subcommittee staff—in taking a stand yesterday that angered Chairman McClellan (D-Ark.) and other members.

Stassen said he or any employee of the FOA would meet with the subcommittee or its chairman at any time.

He added, however, that "it does not appear fair or reasonable or wise for individual members of the staff of the committee to be permitted to summon individual employees of FOA without any committee members present and without any counsel of his choice present."

McClellan said the preliminary investigation is necessary to determine which witnesses to call for public hearings.

## Czech Attache Asks Asylum for Family; Britain Considering

LONDON (AP)—A Czech diplomat and his family were sheltered by authorities "somewhere in Britain" today while the government pondered whether to grant them political asylum.

Richard Sedlacek, former commercial attache of Communist Czechoslovakia's Legation in Damascus, Syria, arrived at London Airport last night by air from Beirut, Lebanon, with his wife and 5-year-old son. He left his Damascus post and went to Beirut early this week to ask British officials there for asylum. He told newsmen in the Lebanese capital that his country was becoming a Soviet colony and he wanted his son to grow up "in an atmosphere of freedom."

## Defense Coordinator

COLORADO SPRINGS, Colo. (AP)—Former Air Force Col. Robert Whitney, of Lexington, Mass., was appointed federal civil defense coordinator yesterday for the Continental Air Defense Command.

## County Goal Is \$3,800--

## Pettis Cancer Society Holds Meeting to Plan April Drive

The organizational meeting for the Cancer Drive in Pettis County was held Thursday night at Bothwell Hotel at which time plans were made for a one day drive the latter part of April in the county.

The goal for Pettis County was set at \$3,800 and although the Cancer Society received \$2,000 from the United Fund of which they are a participating agency, they still lack \$1,800 of reaching the goal. This amount must be raised in other ways and those who feel they would like to make a donation to the fund may do so by mailing it or taking it to the Chamber of Commerce, addressed to the Pettis County Cancer Society.

There is also a tag day planned for April 16, for which the Girl Scouts have agreed to sell tags.

The chairman of the various townships in the county attended the meeting and received the material for the drive which included not only literature concerning cancer but the red sword and snake emblem, pins, and stickers for automobiles.

Chairman of the townships are: Mrs. Cyrus Charles, Blackwater; R. W. Rissler, Prairie; Mrs. Ella Huntress, Smithton; Mrs. James Ellis, Maplewood; William McCune, Washington; and Mrs. J. O. Coffelt, Longwood.

Charles Maggard, campaign chairman, presided. Dean Binder was co-chairman.

Mrs. J. F. Schumacher is unit chairman of the Pettis County Cancer Society. Miss Lois Fricke is secretary; Frank Lewis, treasurer; Dr. D. C. Proctor, medical advisor; Mrs. Ike L. Warren, publicity chairman; Mrs. T. H. Yount, educational chairman; Mrs. John Welch, service chairman; Mrs. J. W. Boger, William McCune, Judge Frank Monroe and Judge Edward Callis, executive chairman.

Many organizations contribute money through various means to worthy causes but William McCune told of how the little church he is a member of has been doing. They have the little birthday box with everybody putting the number of pennies in for their number of years old and then when some organization is having a drive all the money in the birthday box is turned over to that fund.

## Train Takes Jaunt

TOKYO (AP)—A four-car electric train without engineer or passenger started rolling along a siding near Mt. Fuji yesterday, roared down two miles of track at 25 miles an hour, smashed into a string of freight cars, broke electric poles, twisted tracks and derailed train service for hours.

The storm center which moved through the southern plains in the past 24 hours let go with some light showers in Southwestern Missouri, Joplin recording .58 of an inch and Butler .11.

Mostly cloudy with occasional showers or light rain is forecast for today, tonight and Saturday, with little change in temperature. Saturday's highs will range from 55 to 60.

For the next five days temperatures probably will average near or slightly above normal, with a turn to cooler about Tuesday. As for precipitation, the weatherman thinks it will average from a quarter to a half of an inch, falling as showers or thunderstorms Monday or Tuesday.

After the intermission, the trio of dancers will perform "Roundelay," divided into four "rounds"—described as not having any story but "it is just for fun." Mr. Kueter will then play three preludes by George Gershwin.

The program will conclude with "Grand Adagio" from Act II of "The Nutcracker" suite by Tchaikovsky, one of the great ballets of all time.

## Thousands Are Left Without Homes; Destruction Severe

MANILA (AP)—Violent earthquakes shook southern Philippines for nearly eight hours today, leaving at least 164 dead, thousands homeless and widespread destruction.

The Philippine Red Cross said the provincial secretary of Lanao province reported from Dansalan, the capital, that 100 persons were dead or missing in two districts bordering Lake Lanao.

Those persons presumably were included in an earlier report by the Philippine News Service that 164 were confirmed dead in four districts of Lanao province. PNS insisted that its figure was correct.

The Manila Times reported the same figures.

The news service quoted Capt. Angelo Cruz, public relations officer for the 4th Military Area embracing Mindanao. He said 15 persons were missing.

The news agency dispatch indicated many persons were victims of landslides.

The first heavy shock hit the area—a corn-growing region—at 2:15 a.m. Then a series of aftershocks jarred Mindanao and the other southern and central Philippine islands of Cebu, Panay, Negros, Samar, Bohol and Leyte.

A Philippine News Service dispatch from Iligan reported earth fissures measuring as wide as a foot in some places. The tremors caused landslides.

The news service said 10 persons were hurt at Iligan and a waterfront office building there slid into the sea.

From Ozamis City (Misamis), a town of 35,262, an estimated one million dollars in damage was reported. At least 2,000 were homeless there.

"Everyone in this city and nearby towns thought the world had ended and death had come," a Manila Times correspondent messaged from Ozamis.

The Weather Bureau plotted the epicenter at some 600 miles south and southeast of Manila or a point between Ozamis and Iligan cities in Mindanao.

Ozamis is located in Misamis Occidental province, Iligan, with a population of 25,725, is in Lanao province to the east.

The Weather Bureau said the greatest intensity of the earthquake was recorded at Dipolog City, population 40,618, on the northern tip of Zamboanga province on Mindanao.

The reading at Dipolog was 7 on a scale of 9.

## Youngsters Give Life to Capitol On Annual Tour

JEFFERSON CITY (AP)—Hundreds of bright-eyed teenagers swarmed through Missouri's capitol today, bringing noise and gaiety to the stately building.

The occasion was a double barreled youth in government program—about 450 high school sophomores here for the annual sophomore pilgrimage sponsored by the Missouri Federation of Women's Clubs, and a model legislative session of the Missouri Hi-Y and Tri-Hi-Y clubs.

More than 200 Hi-Y delegates chose Richard Hughes of Normandy as governor of their mock state, Dean Compton of Springfield lieutenant governor and Sam Esterky of St. Joseph speaker of the House. The model Legislature ends tomorrow.

A feature was presentation of a pin and certificate to retiring Supreme Court Judge George Robb Ellison for "outstanding leadership" in the Hi-Y movement. He has served as an adviser to the group for seven years.

Gov. Phil M. Donnelly shook hands with the visiting sophomores this morning and they spent the day visiting government buildings and agencies. Mrs. G. A. Wuest of St. Louis was in charge of the annual program for outstanding scholars and young citizens.

## Cash Box by Mistake

FORT WAYNE, Ind. (AP)—Larry Christmas asked at a tavern for two empty cigar boxes to keep trinkets in. At home, he found one box contained \$500. When he took the money back, tavern operator Carl Weillman explained he'd given Christmas his cash box by mistake.

## Castor Oil Blazes

WILMINGTON, Calif. (AP)—To the delight of local youngsters, a warehouse containing 15,000 gallons of castor oil caught fire yesterday. But firemen controlled the blaze before all the oil was destroyed.

The bureau said it had no recording at Ozamis but believed the intensity was greater there. Readings at other cities ranged from 2 to 6.

Coming in the early morning hours when most people were asleep, the earthquake threw villages, towns and cities into panic.

## Asks Congress To Veto Fight For Islands

**Senator Morse Asks Record Show Against Matsu, Quemoy Fight**

WASHINGTON (AP)—Sen. Morse (D-Ore.) asked today that Congress go on record as opposing use of American military forces for defense of Quemoy and the Matsus.

Morse offered a resolution to this effect in the midst of a flurry of Senate debate which stemmed in part from President Eisenhower's White House conference yesterday with Senate leaders.

Various senators who attended the White House session said no decision had been reached as to whether U.S. forces would be employed in defense in event the Chinese Communists attempt to wrest the offshore islands from the Chinese Nationalists.

Sen. McCarthy (R-Wis.) began the debate by saying Eisenhower is adopting a "deadly dangerous" attitude in refusing to say whether the United States will defend the islands.

McCarthy said the President "apparently told some members of Congress that our reaction would depend on the nature and strength" of a Communist attack. McCarthy was not among those invited to the White House.

"I am completely bewildered by the administration's attitude," McCarthy said. "It is deadly dangerous and utterly inexplicable."

Immediately after McCarthy spoke, Morse proposed his resolution which would state as the policy of Congress that Eisenhower should not use military force to defend the offshore islands.

Sensors who attended the session with the President yesterday—described in advance as for the purpose of a general briefing on the foreign situation—were generally unwilling to quote Eisenhower directly. Custom frowns on it.

However, several said they got the impression that Eisenhower does not believe Russia wants a war in the Far East now.

Sen. George (D-Ga.), chairman of the Senate Foreign Relations committee, said that was his impression.

Sen. H. Alexander Smith (R-NJ.) said his impressions of the President's views were similar to George's.

## French Take Measures Over Algerian Unrest By Calling Emergency

PARIS (AP)—To combat a continuing wave of guerrilla terrorism in Algeria, the National Assembly early today ordered a state of emergency clamped on that North African territory.

The measure will increase the power of authorities to deal with the independence-seeking outlaws although it is not as extreme as martial law. Persons arrested for certain offenses may be tried by the military.

The Assembly voted 379-219 to approve a government bill authorizing the state of emergency and ordering its immediate application after Interior Minister Maurice Bourges - Maunoury reported.

"Insecurity persists in Algeria despite all measures taken by the government."

Thousands of troops have been sent into mountainous eastern Algeria in an attempt to hold terrorists in check.

## Sedalia Youth Struck, Injured By Taxicab

Billy Griffith, 16, son of Mr. and Mrs. Loren V. Griffith, 609 East 16th, a paper carrier for the Sedalia Democrat, was slightly injured Wednesday afternoon when his bicycle was struck by a taxicab at Fourth and Ohio.

The youth suffered bruises and sprain to his left leg. He was taken to the Bothwell Hospital where Dr. J. W. Boger rendered medical treatment and had X-ray pictures taken to determine if there were any fractures.

A report was made to the police. The taxicab which was involved was not located, and a further investigation is being made.

## Three SAFB Men Get Sentences To Reformatory

Three airmen from the Sedalia Air Force Base who were apprehended early in March in connection with a robbery of a filling station at Grand Pass, and attempted burglary of the Valley Drive-In at Marshall, have been sentenced to two years in the Missouri Reformatory at Algoa.

The three A/3C George W. Gilbreath 18, Russell, Ga., A/3C John R. Gagnon, Madawaska, Me., and A/3C Glen R. Roher, 18, St. Mary's, Ohio, appeared in the Saline County Circuit Court before Judge Phil Cook and pleaded guilty to charges of burglary and were sentenced to two years each.

All three admitted the Grand Pass robbery and attempt robbery of the Valley Drive-In, and told Sheriff Paul Piper they had rifled a car in Lexington. The charges upon which they were sentenced resulted in the Grand Pass robbery on March 1.

Sheriff Piper has taken the three to the reformatory.

Air Force personnel who are sentenced to more than a year punishment in jail or prison are subject to receiving an undesirable discharge from the Air Force.

# NOTICE

The Missouri Public Service Company has installed a new substation to serve the increasing use of electricity in the business area of Sedalia.

On Sunday, April 3rd, providing the weather is favorable, between the hours of 6 a.m. and 12 o'clock noon, the primary voltage in this area will be changed which will require an interruption of approximately 10 minutes to individual customers; not all interruptions will occur at the same time. Our service to churches in this area will not be interrupted during the time services are being conducted.

Since none of our customers should be without service for a longer period than 10 minutes, we ask that in the event your electric service should be off for 15 minutes or more on Sunday morning that you please call, telephone 3961, and report the condition in order that we may promptly determine the cause.

This work has been planned so as to create the least inconvenience to our customers in this area, and we will appreciate your forbearance while we make it possible to provide this better electric service to your places of business.

## Calvary Has Day Meeting Preparation

As a preparation for revival meetings which begin at Calvary Baptist Church Easter Sunday, all-day meetings have been held in the various departments, and a week of prayer will be held. Two meetings will be held each day in homes at 1:30 to 2 p.m. These will be followed by visitation.

Each evening at 7:30 a prayer service will be held in the church with a deacon in charge. The week will be climaxed with a "Chain of Prayer" beginning at 7 a.m. Saturday and running through each half hour until 7 p.m.

The following are the homes and leaders for the day meeting:

Monday: Mrs. John Mais home, 1610 South Park, leader, James Comfort; and Clyde Deffenbacher, 1120 West Clyde, leader, Mrs. H. L. Alley.

Tuesday: Theodosia Hampton home, leader, Mrs. John Mais.

Wednesday: Harold McCain home, 2067 West Broadway, leader, R. W. Townner; and Thomas Button home, 1022 Euclid, leader, Mrs. Mary Ewell.

Thursday: Frank Eck home, 3200 Kentucky, leader, Rev. H. L. Alley; and Mrs. Mary Steele home, 1721 South Carr, leader, Miss Zula Haight.

Friday: James Comfort home, 907 East Seventh, leader, Mrs. B. B. Bradley; and Eugene Boone home, 1215 South Quincy, leader, Harold McCain.

The pastor's morning subject is "Satan's Prayer," and at the evening evangelistic service the subject will be "The Potter's Wheel."

**Calvary Episcopal Will Have Communion**  
Palm Sunday will be observed at the Calvary Episcopal Church with the regular schedule of services. Palm crosses will be blessed at

## In Name of Lord Will Be The Topic Of Rev. Lee Soxman

The Palm Sunday worship service at the Fifth Street Methodist Church will be led by the Rev. Lee F. Soxman, pastor, with the sermon, "In the Name of the Lord."

The choir anthem will be "From Olivet He Rides" by Lane. Infants and others will be baptized and a number of people will be received into the church.

A special program will be given Tuesday evening and will feature an Easter play, "The Divine Miracle." The public is invited.

A candlelight communion service will be held at 8 p.m. Tuesday.

## Pre-Easter Service At East Broadway Christian Church

A special pre-Easter service will be held at the East Broadway Christian Church, beginning April 6 and continuing through Easter Sunday. The topics will be "Humiliated," "Mocked," "Revealed," "Crucified," "Resurrection" and "The King's Kingdoms."

On April 9 Pat Clark and Ted Snyder will present a portrayal of the Crucifixion.

A fellowship dinner for all new members will be held at 7:30 p.m. April 21 at the church. The Rev. Milton Fronsee, pastor, will recognize, instruct and present membership certificates to those who have been added in the past few months.

The pastor's morning subject is "Satan's Prayer," and at the evening evangelistic service the subject will be "The Potter's Wheel."

**Calvary Episcopal Will Have Communion**  
Palm Sunday will be observed at the Calvary Episcopal Church with the regular schedule of services. Palm crosses will be blessed at

## Local Clergy Will Conduct Sermon Series

Holy Week services, sponsored by the Sedalia Ministerial Alliance, will be held April 4-8 at the First Methodist Church. The schedule is:

Monday, April 4, "Day of Authority" by the Rev. R. M. Lehigh; Tuesday, April 5, "Day of Controversy" by the Rev. Leonard Reifel; the Rev. T. W. Croxon presiding.

Wednesday, April 6, "Day of Retirement" by the Rev. L. D. Hardeman; the Rev. L. P. Parker presiding.

Thursday, April 7, "Day of Fellowship" by the Rev. A. F. Klemm; the Rev. J. Y. Jackson presiding.

Good Friday, theme of "The Spirit of Jesus Shines From the Cross," using the seven last statements of Jesus. Local ministers will participate.

An Easter Sunrise service at 6 a.m. at the Jennie Hayes Stadium will climax the series. Chaplain Karl Shofer will be the speaker.

## 'The Lord's Supper' Will Be Discussed At East Baptist

At East Sedalia Baptist Church "The Lord's Supper" will be the Sunday morning sermon topic and the Sunday evening sermon will be on "Are You a Citizen of Sedalia, or Just Live Here?"

The officers of youth week will take charge all next week.

Wednesday night a church business meeting will be held with youth week officers sitting in group.

Saturday night will be Harmony Association youth night at the East Sedalia Baptist Church at 7:30 p.m.

## Young People Class Will Be Confirmed By Rev. Strickert

Palm Sunday services will be conducted at St. Paul's Lutheran Church at 8 and 10:30 a. m. A class of young people will be confirmed in the 10:30 service.

Holy Week services will be conducted on Maundy Thursday and Good Friday, both services beginning at 7:30 p. m. Holy Communion will be celebrated in the Maundy Thursday service.

## Flat Creek Baptist Church Youth Week Set for April 3-7

Flat Creek Baptist Church will observe Youth Week April 3-7. Carl Anderson, 14-year-old grandson of the Rev. John K. Godby, will serve as pastor. Rev. Godby served Flat Creek and other churches in Harmony Association for a number of years.

Others taking part will be James Anderson, song leader; George Anderson, Marvin Rollings and Junior Bohon, deacons; Grace Schneider, pianist; Agnes Anderson, reporter; Junior Bohon, Sunday School superintendent; Ruth Riley, Sunday School secretary; teachers: George Anderson, Helen Anderson, Jesse Fairfax, Evelyn Steele, Dorothy Bohon and Joan Steele; BTU director, Ruth Mulder; James Anderson, BTU secretary; and Virginia Anderson, Evelyn Steele, Irene Steele, Mary Steele and John Steele, BTU teachers.

## Dr. Hobbs Prepares Special Service Series Next Week

Dr. Elmer L. Hobbs, pastor of the First Methodist Church, will use for his Palm Sunday sermon subject "Christ and Our Needs." The Chancel Choir will sing "The Palms" by Pavre, with Raymond Marks taking the solo part. The Chancel Choir will sing "When I Survey the Wondrous Cross" by Keating. The sacrament of baptism for children and adults will be observed as well as reception of new members.

Beginning Sunday night and continuing through Tuesday night, Dr. Hobbs will bring a series of sermons following the activities of Jesus during the last week. These services will begin at 7:30 p. m. Sunday night, when his sermon subject will be "The Kingdom of Jesus"; Monday night, "The Judgment of Jesus"; Tuesday night, "The Teaching of Jesus"; Wednesday night, "Why Was Jesus Crucified?"; Thursday night, "The Meaning of Holy Communion." The sacrament of the Holy Communion will be observed following the sermon.

## Will Confirm Class Of New Members At Trinity Lutheran

A class of new members of young people will be confirmed at Trinity Lutheran Church on Palm Sunday. They are: Orin Anderson, James Jeyer, Robert Freund, Karl Shofer, Jr., Mary Kreidler and Jacquelyn Koester. Chaplain Karl Shofer will assist the Rev. David M. Funk, pastor, who will speak on "Divine Right of Eminent Domain." An adult class of new members will also be received Sunday.

The Church Council will meet at 8 p. m. Tuesday with Mr. and Mrs. Donald R. Anderson, 600 West Third.

On Thursday the church will observe a Holy Communion service at 7:45 p. m. The confirmation class will take its first communion in this service. Chaplain Shofer will bring the meditation and assist Pastor Funk in the Communion.

## Spring Games Have Pennant Race Flavor

By ED WILKS

The Associated Press

Exhibition baseball almost had the air of championship competition about it yesterday, what with managers giving strategy a good workout and pinch hitters and relief pitchers getting the spotlight.

Four of the games were decided by one run, including a 3-2 decision by the Milwaukee Braves over the Brooklyn Dodgers as rookie Al Pacchini broke up a 2-2 tie between the two National League contenders with a pinch single in the eighth.

With less than two weeks remaining before opening day, there was only one game that had more wallop than finesse. That was a 14-11 comedy won from the world champion New York Giants by the Cleveland Indians. Among other things, there were 18 ground-rule doubles, caused by an overflow of San Antonio crowd of 11,649, and a short skirmish in which Umpire Lon Warneke, onetime Gas House Gang pitcher, pushed a local peace officer off the field.

Brooklyn and Milwaukee were neck and neck until Pacchini, up from Corpus Christi of the Big State League, dropped his shot into left with the bases jammed. The hit came off Tom LaSorda who came on after Ron Negrady had walked three with one out. LaSorda, a lefty, fanned pinch hitter Andy Pafko before running into Pacchini.

Brooklyn played first baseman Gil Hodges in right, second baseman Junior Gilliam in left and shortstop PeeWee Reese at second. "Nothing significant," said Manager Walt Alston. "I just wanted to see what the boys can do."

Mickey Vernon lined a two-out pinch single in the eighth to score the winning run in Washington's 4-3 triumph over Cincinnati.

Lino Donoso, a left-handed reliever, got the job done for Pittsburgh in a 6-5 success against Baltimore by fanning Hal Smith with the bases full in the ninth.

Bob Tiefenauer pulled a similar pitching trick for the St. Louis Cardinals, working out of a jam with his knuckler after the Chicago White Sox had loaded the bases with none out in the eighth. Rip Repulski's 10th-inning single gave it to the Cards 3-2.

The Red Sox banged up on Rookie Jack Meyer for all the runs during the first six innings against the Philadelphia Phillies before veteran Murry Dickson set down nine Boston batters in the final three frames. Boston won 6-4.

The Giants and Indians each had 9 of the 18 automatic two-base hits in their 25-hit slugfest that also had five errors. Cleveland clubbed Sal Maglie for eight runs and 10 hits in 3-1-3 innings. Ralph Kiner hit a two-run homer for the Tribe. Willie Mays and Al Dark did the same for New York.

The crowd caused Umpire Ed Runge to rule interference in calling a Giants fly out in the eighth. That led to an argument between Runge and manager Leo Durocher of the Giants. And when the cop tried to butt in, Warneke pushed him out.

## Detroit Team Pushes St. Paul In ABC Matches

FORT WAYNE, Ind., (AP)—Michigan and Indiana bowlers took the spotlight in yesterday's shooting in the American Bowling Congress tournament.

A Detroit team, led by Joe Morys, just missed taking the lead in the open division and moved into second place with 3,012. Three pins behind the front ranking Howard Clothes of St. Paul, Minn. The Motor City team posted games of 1,025, 1,036, and 951.

Morys' 718 series topped the Detroit Toll and Machine Co. team's total with games of 208, 288 and 222. His 288 was the highest single game in team competition in the tournament, and his series total was the second 700-plus since firing started last Saturday.

In addition to the second-place change, the Corp Music Center team of South Bend, Ind., rolled into third place with a 2,959 score. The South Bend club gained impetus from Mike Pasalich's 277 opening game.

Vautherot's Insurance, also of Detroit, got started a little late or it might have passed every body. The team shot a blistering 1,081 final game, highest of the tournament to date, after opening with scores of 884 and 974.

## Exchange Students May Upset Jayhawks For Oklahoma Aggies

AUSTIN, Tex. (AP)—A trio of Scandinavian track stars will bolster the Oklahoma Aggies when they try to dethrone the Kansas Jayhawks today at the opening session of the 28th annual Texas relays.

The three exchange students from Europe should help send the Aggies far ahead of the field in the first day of competition with victories in the distance and sprint medleys.

Seven other championships will be decided today with the rest of the titles on the line tomorrow afternoon.

If the form charts hold true, the Cowpokes will end Kansas' domination of the longer relay races by relying on their foreign imports—Fred Eckhoff, Sture Lundqvist and Bjorn Bogerud.

NEW PLAYERS BOUGHT BY KC A's—The Kansas City Athletics have bought pitchers Tom Gorman, left, and Ewell Blackwell, right and first baseman Dick Kryhoski, center, from the New York Yankees. A straight cash deal, it was the first trade by the Athletics since moving from Philadelphia to Kansas City. All three players involved are veterans. (NEA Telephoto)

## Sports Roundup—Spirited Play Of Courtney Highlight Of Chi-Sox Club

By GAYLE TALBOT

TAMPA (AP)—The brightest spot in the Chicago White Sox picture this spring, says General Manager Frank Lane, has been the spirited play of Clint Courtney, the bespectacled and belligerent catcher he picked up during the winter in one of his multiplayer deals with the Baltimore Orioles.

It was thought for a time, with some reason, that Lane acquired Courtney strictly as trading material, inasmuch as the Sox already had an established catcher in Sherm Lollar, but it is evident that he has no such thought now. The stubby backstop from Louisiana, finally given a chance to play with a contender, is making the most of the opportunity.

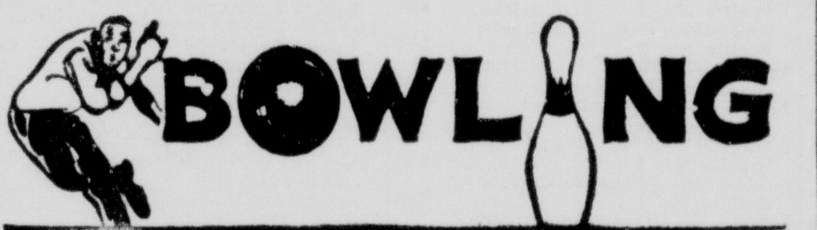

"I'd say he is the one bright spot of the whole training season," Lane said. "He's made several plays that my manager Marty Marion says were as great as any he ever saw. In fact, Marty tells me that if I can get him a whole club of Courtney's and Jim Rivera's he'll promise me a pennant. He

says if you had nine who played the game as hard as they do, some of them couldn't help being great."

As it happens, Courtney and Rivera were the special pride and joy of Rogers Hornsby when the Rajah, now apparently washed up for good in the big show, was managing in the minors. Courtney knocked in 79 runs for him at Beaumont in 1950 and employed his ready fists to help maintain discipline on the club.

The following season Rivera played the outfield for Hornsby at Seattle and led the Coast League with a hitting mark of .352 while sealing 33 bases. Hornsby said, after the Sox bought Rivera for \$65,000, that he was the only player in the game today whom he would be willing to pay his way in to see.

Jim hasn't quite lived up to that flowery notice, but he remains one of the principal cogs in the White Sox machine and both Lane and Marion feel this could be the year he attains real stardom.

## Old Wounds May Decide DeMarco Bout

BOSTON (AP)—Tony DeMarco's chances of winning the welterweight boxing title from champion Johnny Saxton tonight depend largely on whether the local slugger can prove he's not a bleeder.

The healed knot of cartilage over DeMarco's left eye and the chin a sparmate cut last December could be decisive in the 15-round battle for the 147-pound crown.

The Boston Garden fight will not be televised or broadcast.

DeMarco, No. 3 challenger, has escaped eye cuts in his past five bouts covering 32 rounds. But in his warmpups for a scheduled December meeting with Joe Miceli, he was gashed along the ridge of his chin and the fight was canceled.

Since then he's had a 10-round non-title draw with lightweight champion Jimmy Carter, from which he escaped unscathed.

Paddy Demarco opened a cut over Tony's left eyebrow in October 1953, which Wilbur Wilson and Carlos Chavez resliced. Stitches were required in each case. Tony has been unbeaten in 16 bouts over the past 21 months but the cuts have given him some bad moments.

Of four setbacks in DeMarco's 43-fight professional career, two came on technical knockouts because of bleeding.

"They tell me he cuts easily and bleeds pretty freely," Saxton said with more than passing interest when he arrived in town.

But DeMarco's manager Rip Valenti says those days are gone. "Sure Tony got cut but he's learned a lot since then. Lots of good fighters have been cut early in their careers but after they learned a little about defending themselves they never got cut again."

It will be the first title defense for Saxton, the 24-year-old New York Negro, since winning the championship from Kid Gavilan in Philadelphia last October. His two intervening engagements were a split decision over Ramon Fuentes and a loss to Middleweight Ron Delaney.

## SAFB Bowler Gets 25th In AF-Wide Bowling Tourney

Capt. Donald C. Ganzer, winner of the singles and all-events trophy in the recent Great Plains Bowling tournament, was 25th in a field of 60 in the Air Force-Wide Bowling tournament, at Park Ridge, Ill., the past week. Capt. Ganzer was the only Sedalia Air Force bowler to make the Air Force-wide tournament.

His average was 180 and to qualify for the Air Force team entered in the American Bowling Congress tournament at Ft. Wayne, Ind., was 189.

The high bowler at Park Ridge was A/C Carberry of the Far East Air Force Command who had an average of 195. Incidentally other than Carberry two other Far East bowlers made the team.

## S-C Tigers Enter State Track Meet

Saturday the Smith-Cotton Tigers travel to Columbia where they are entered in the University of Missouri Invitational State High School Track Meet. Eight thinclads from the Tiger squad are entered in seven events.

Coach Norman James and his assistant Coach Forest Arnall have been working the boys hard all week preparing them for the State Indoor. At the same time other members of the track squad have been going through their paces preparing for Tri-School meet at Jefferson City in which Columbia and the Tigers will participate along with the Jays.

Decision on the entries in the meet at Columbia was made by Coaches James and Arnall before the Kemper Indoor Meet which was held last weekend. All boys who placed in events in the meet at Kemper were scheduled for the State Indoor and those who failed to bring home any points were not entered.

Boys making the trip and the events they are to participate in are:

High Hurdles: Charles "Van" Van Dyne and Tom Noland.

Low Hurdles: "Van" Van Dyne and Bobby Case.

Shot Put: Norris Kelley.

Broad Jump: Casey and Van Dyne.

High Jump: Walter Kennon.

Pole Vault: Don Gail and Tom Noland.

880-Yard Run: Jim Self and Bob Austin.

The meet will begin at 10 o'clock Saturday morning. The team will leave about 7:30 for the trip.

## Boxers Of SAFB Are Participants In Boxing Meet

Three boxers from the Sedalia Air Force Base participated in the Great Plains Conference Boxing Tournament held at Ellsworth AFB, S. D., the past week. They were handled by S/Sgt. Robert L. Wimberly, boxing coach.

A/C Mathews Fields leading middleweight of the SAFB lost in the elimination rounds. He came back the following day to fight three rounds, which he won, but not until after the fight was it known Mathews had fractured his thumb in the second round.

A/C Harold Benjamin, lightweight, had a like experience in his bouts. Benjamin was a loser in the eliminations but won a bout he had the second day as a preliminary.

A/C Murphy Parrish, welterweight, lost in the eliminations. The Air Force team to be entered in the World-Wide Tournament is composed of eight winners from the Great Plains Tourney, with Lowry AFB winning five berths, Francis E. Warren AFB three; and Ellsworth AFB two.

S/Sgt. Wimberly of the A and E Squadron, was chosen as one of the trainers for the team.

## Cancels 18-Mile Try at Vancouver

VICTORIA, B.C. (AP)—Eighteen-year-old Janice White, of Toronto, has canceled plans to swim the Strait of Juan de Fuca between here and Port Angeles, Wash.

Unrelenting winds and the menace of a new storm crowding in from the Pacific led her last night to abandon the try at crossing the cold and menacing channel which defeated Florence Chadwick last August.

She has been trying for three days to start the 18-mile-plus splash from Canada to the United States during a period of favorable tides.

## Yanks Sober Up After Loss Of '54 Pennant to Indians

ST. PETERSBURG, Fla. (AP)—Despite Cleveland's record-breaking 111 victories in 1954 and the addition of Ralph Kiner, the sobered New York Yankees will bounce back to win the American League pennant in this writers' opinion.

The Yankee "complacency" of a year ago, given as the reason for Vic Raschi's sale, is conspicuous by its absence. The shock of missing World Series checks, plus the Indians' four-day "swoon" against the New York Giants gave the Yanks food for thought during the long winter months.

Not that "complacency" caused the Yanks' defeat. Cleveland's solid pitching staff with Bob Lemon, Early Wynn and Mike Garcia and the fine hitting of Larry Doby and Bob Avila exploded the Yanks' dreams of a sixth pennant.

During the off season, the Yanks acquired Bob Turley, the league strikeout king, from Baltimore in that nine-for-nine deal. Although Turley has been wild in the exhibitions, it still is possible that this swap will win the 1955 championship for the Yanks.

It should be a close race with New York and Cleveland running one-two or two-one all the way. The Tribe has solid power in Al Rosen, Vice Wertz, Doby and Kiner.

## Baseball Season Opens Saturday For M. U. Tigers

The University of Missouri Tiger baseball teams opens up the 1955 diamond season Saturday against Ft. Leonard Wood, Fifth Army champions of 1954. Coach Hi Simmons has indicated he is looking for another "bumper" baseball season.

Game-time is 1:30 p.m. in this inaugural originally booked for the Army diamond. Delay in completing ball-park renovations at Ft. Wood caused the switch to Rollins Field. The teams also will play a rematch here Tuesday afternoon.

In inactive during late March's wintry blast, Missouri's pitchers haven't yet built up any durability. Tiger Coach John "Hi" Simmons will use three veterans against the Hilltoppers—with Emil Kammer, lefty Ed Cook and Bert Beckmann due to work three-inning stints in that order.

Likewise hampered by weather, the Army nine will rely on a trio of chukkers. Wayne Tjaden, property of the Chicago Cubs, is due to lead off. Tjaden and shortstop Phil Mateja are the only holdovers from last year's outfit, and for the first time in several years, this Ft. Wood team looks to be several cuts below its predecessors in available professional talent.

The Tigers who won 22 of 26 games last spring en route to the National Collegiate championship again are amply stocked in veteran ball-players, headed by All-American Outfielder Jerry Schoenmaker and Bob Musgrave, both .400 hitters in '54.

The U.S. birth rate has exceeded 24 per thousand people for the past nine years.

## A's Top Hurlers Return to Duty; Cards In Doubt

WEST PALM BEACH, Fla. (AP)—Manager Lou Boudreau received encouragement yesterday from the Kansas City A's two top south-paw pitchers.

Alex Kellner cut loose with his fast ball for the first time this spring and Bobby Shantz returned to action after being hit in the head by a batted ball Tuesday. Boudreau has been counting on both to overcome arm ailments that cut their effectiveness last season.

Before the A's broke camp and headed for Savannah, Ga., last night, Boudreau cut four more men off the roster. First baseman Lou Limmer, outfielder Al Pinkston, pitcher Al Duser and catcher Eric McKenzie were sent to Columbus of the International League.

NEW ORLEANS (AP)—The St. Louis Cardinals are down to mid-season strength on catchers—Del Rice and Bill Sarni—but which is to be considered No. 1 still isn't known.

The Redbirds sent Dick Rand, a catcher at Houston, Tex., last year, to Omaha before the club broke camp at St. Petersburg, Fla. Yesterday the fourth member of the spring receiving squad, Hal Smith, was returned to Houston for more seasoning.

## Abe Silverman Life Member In Leaders Group

Abe Silverman, of the New England Mutual Life Insurance Co., is attending the annual meeting of the company's Leaders Association at the Homestead, popular Virginia resort. This year he became a life member, qualifying five consecutive years.

His membership in the association and consequent attendance at the conference come as a result of his outstanding record established during 1954. Qualification for membership calls for the placement of over a half a million dollars of new life insurance during the 12-month period, and is indicative of a thorough technical training and consistent professional service to policyholders.

A large proportion of the three-day convention program consists of talks and informal seminars on varied phases of advanced underwriting applying to business insurance, estate planning and pension and profit-sharing plans, and culminates in a day-long dramatic case-study presentation of a typical estate planning problem.

Mrs. Silverman is making the trip also and from this conference they will go to New York City to visit with both their brothers who reside there. While in New York, Silverman expects to attend to some business matters since he is also licensed to sell life insurance in that state.

Students believe that many children's counting rhymes are survivals of formulas used by the ancient Druids for choosing human sacrifices.

‘Only Human’--

## Reflection Of An Author....

“Only Human,” a book of poems on everyday life by Miss Hazel Lang, reached its official publication date yesterday. The surprise element is gone because so many Sedalians know about and have anticipated acquiring one of these books.

Hazel has been with the Sedalia Democrat news staff for twenty years and perhaps will appreciate more than anyone else that it's “Only Human” to respect the publication release date by Exposition Press, 386 Fourth Ave., New York (16).

Even to those who don't care much about poetry there is something different about Hazel's poems. They touch the very core of human events as we know them out here in the prairie lands of Central Missouri.

One may almost become a judge of character by reading the favorite selections chosen by another reader of this book of poems. My own selections are

poems of “Being a Dad,” “The Covered Bridge,” “Getting Along With People,” and “New Motherhood.” All embrace events in my own life in words so understanding of life's real values in our mid-western community.

“Only Human” is a real treasure for any bookshelf. But we Sedalians are fortunate, too, in having the privilege of reading a new poem by Hazel each week on the editorial page of this newspaper. No doubt many readers clip and save them for their own collection.

It has already been written that Hazel's collection of poems is rich in common sense and healthy morality. I subscribe to that reference in the book that also is a reflection of a Sedalia personality which has met community recognition because Hazel Lang herself is “Only Human” in the freshness that comes from living an impeccable life.

## Submarine Junkets May Reduce Oratory

In stage circles they've been saying for years that the “road” is dead or dying, that shows just won't go in the nation's hinterland. But a lot of people don't seem to believe it.

They sent Dave Garroway and his TV show out on the road, and then Steve Allen and his gang. The real act of faith, though, was when Congress dispatched a traveling company to test conditions outside the capital.

A dozen members of the House-Senate Atomic Energy Committee shipped aboard the atomic submarine Nautilus for some exciting test maneuvers. And while they were out somewhere in the deep, they held a committee meeting. Records aren't easy to check, but it was probably the first under-sea congressional session in history.

We don't know what Variety might say about this, but probably the boys went a little too far. You can't make much impact down there, unless you take the film cameras along.

On the other hand, there are certain types of congressional exhibitions that might be well suited to the solitudes of the ocean depths. If the Navy could make some old subs available, rent-free, they would make a perfect auditorium for some of our so-called debaters.

The cost to the taxpayer would be more than offset by the great savings in the time of the whole Congress. And we could always hope that the intonations of the displaced orators would be reduced to gurgles by the time they reached the surface.

## Crocodile Tears Get New Hampshire Stamp

Sen. Norris Cotton (R-NH) claims it's a major operation these days to get the Post Office Department to issue a commemorative stamp.

“For three years now,” complains Cotton in a letter to his constituents, “we of the New Hampshire delegation have been butting our heads against a stone wall.”

What they want in particular is a stamp commemorating the 150th anniversary of that famous New Hampshire landmark and tourist attraction known as “The Great Stone Face.”

When Senator Cotton went to the White House to discuss plans for a Presidential trip to New

Hampshire this summer, he was finally able to put over his deal.

“Immediately I began shedding crocodile tears on the subject of the stamp, reciting some of the lesser events that had been commemorated, protesting that New Hampshire had been left out in the cold, and insisting that if the President is coming we should have the stamp which would honor him as well as the other ‘Old Man.’”

“It worked,” the senator reported proudly. “The White House called Postmaster General Arthur Sommerfield, who ‘thought it could be done.’”

A committee came down from New Hampshire to give the Post Office Department the background facts, and it looks like we're in.”

## The Washington Merry-Go-Round--

### Stassen Was Willin,' But Ike Got Sore

By Drew Pearson  
WASHINGTON — Two revealing events have taken place behind the scenes at the White House which throw some light on the President's present and future.

1. Sherman Adams, the ice-blooded little Yankee who sits at Ike's right hand as assistant president, has emerged as second most powerful man in America. This is because Ike is away a lot and delegates authority a lot. Adams is such a quiet operator the public has heard little of him, yet he has replaced New York's ex-governor Tom Dewey as the power behind the President.

2. Foreign aid boss Harold Stassen was almost fired instead of appointed secretary of peace — for speaking out of turn about his own presidential ambitions. President Eisenhower was so provoked he acted like a man who intended to run and wanted no rival nudging his elbow.

Here are the backstage details:

When Eisenhower moved into the White House, Tom Dewey's ghost moved in with him. For the first two years, Dewey's men dominated the White House. Most influential was Tom Stephens, the appointment secretary, who worked at the President's elbow and decided who got past the inner portal. Another influential Dewey man was press secretary Jim Hagerty who guides the President's public relations.

Tip-off that the Dewey influence was declining was Stephens' unexpected resignation. It was generally assumed Stephens wanted to go back to his law firm and share in its new-found prosperity. Ever since Stephens' rise to the White House, his former law firm has been unusually prosperous.

Adams Arranged Exit

Inside story, however, is that Stephens didn't want to quit at all. He was squeezed out. Sherman Adams complained about all the “politicians” Stephens was letting in to see the President, finally maneuvered him completely out of the White House.

Adams also has been draining Jim Hagerty's authority over public relations. Once a power behind the scenes, Jim has become less a policy maker, more a front man with the press. Real responsibility for public relations has been transferred quietly to Arizona's ex-governor Howard Pyle, an astute radio and TV station owner.

All White House operations are now firmly under Adams' thumb. Those close to him swear he has not accumulated all this power for his own sake, but is almost fanatically loyal to President Eisenhower.

Another straw in the wind is the untold story of Harold Stassen's close political shave. He spoke too freely of his own presidential prospects in case Ike decided not to run again. Stassen let it be known that he would make a good candidate to succeed Ike.

When word of this got back to the President, he became so furious that he fired Stassen on the spot. White House aides, however, finally talked Ike out of it before the firing became effective. When he cooled down, he appointed Stassen to be a special Secretary of Peace instead.

Democratic Vacuum

Shortly before the 84th Congress convened last January you heard a lot of Democratic talk about what would happen when that party took the helm. Among other things, the Dixon-Yates power contract was going to be thoroughly investigated — and killed. There was to be a penetrating probe of monopoly, and of GOP handling of so-called security risks.

Since then exactly three months have passed and the net result is one large and silent zero.

The Dixon-Yates investigation has run up a dead-end street. During the Republican-controlled Congress, a GOP senator from North Dakota named Langer really stirred up Dixon-Yates. Out of his own pocket he paid a smart young lawyer from New York, Sidney Davis, who, singlehanded, showed up the way in which the power trust had been able to get amazing concessions from the government. In contrast, since the Democrats have taken over, nothing has happened.

Sen. Joe O'Mahoney of Wyoming, a veteran trust-buster, has been put back on the judiciary committee which is supposed to investigate monopoly. Here also nothing has happened.

Sen. Estes Kefauver of Tennessee, another seasoned trust-buster, is on the subcommittee supposed to probe monopoly. Again nothing has happened.

Sen. Harley Kilgore of West Virginia, a fine public servant when he's on the job, is chairman of the subcommittee on monopoly. But he just doesn't seem to be around. If he has appointed any subcommittees to function while he's absent, they are not functioning.

Sen. Olin Johnston of South Carolina had some potent things to say about probing the Republican numbers racket on security risks. But since Congress opened, he appointed his colleague, ex-Sen. Guy Gillette of Iowa, as counsel of an investigating committee. An honest public servant with a farm which makes no money and with no law practice to build up a nest-egg while in the Senate, Gillette was broke when he finished the November campaign. He deserved a job. Defeated Republican congressmen, of course, were given jobs by Ike. However, Gillette is a Democrat.

So kindly Olin Johnston, Democrat, gave him a job probing security risks. Gillette would be excellent at probing farm problems, but security risks are a new field for him. A slow worker, maybe he will get there in the end.

Washington Pipeline

The Sam Rayburn dinner April 16 has reached such proportions that it's being switched from the Willard Hotel to the Washington Armory. Bill Goenges, Democratic national committeeman from Oklahoma, is challenging Texans to a contest to see whether they can get more guests to the dinner from Sam's home state than Oklahoma. . . . Biggest mistake the new Italian ambassador made was in not inviting Fortune Pope, leader of New York's Italian community, to the embassy dinner for Premier Scelba. The ambassador, like his pre-war predecessors, is taking the advice of too many Italian career diplomats. They seem to think the USA revolves around a hundred or so diplomats in Washington.

As Sedalia Sees It--

## April Fool's Day Is Every Day In Nation's Capital

By Esther Van Wagoner Tufty

Democrat-Capital

WASHINGTON — Every day is April Fools' day in Washington!

If April fooling means that “things are not what they seem,” then Washington must have been created on the first day of this month.

It isn't true that all Republicans hate all Democrats in the Nation's Capital although you might think so from the headlines and radio-TV broadcasts.

This correspondent knows two Congressmen, a Republican and a Democrat from a large city, who fight bitterly during campaign time but happily have shared a hotel apartment in Washington. They are not unusual.

It may seem to the unmarried women that it's true there are five women to every man in Washington, but the Census Bureau debunks this oft-repeated slander. It seems there are 67,000 women over 20 years of age as compared to 62,000 men in the same age bracket living here.

Those Japanese cherry blossoms,

now almost in full glory despite recent cold March blasts, aren't what they seem. They have a shady past. During the late unpleasantness with Japan, those “good will” trees were called the “Oriental” or “Korean” cherry trees. And they have no future for they bear no cherries.

But the greatest joke is the Washington summer weather which is called the worst in the United States and maybe the world, as the bad reputation for heat earns diplomats here extra pay while serving at a “hardship post!”

The Weather Bureau says it isn't so and can prove it. At least summers on the Potomac are no worse, or better, than those in the entire area stretching from Richmond, Va. to Boston, Mass., except along the coastline where ocean breezes cool the air. And the long, mild Springs and Falls are unexcelled.

But there is no April Fooling about the high cost of living in Washington. That story is true. Washington heads the top five for that dubious honor followed by: Milwaukee, Richmond, Atlanta and Los Angeles.

The World Today--

## George Is Ike's Right Arm

By James Marlow

Associated Press News Analyst

WASHINGTON — Sen. George, 77-year-old Democrat from Georgia, has moved into a vacuum in the Senate and has become in effect the President Eisenhower's strong right arm on foreign policy.

George, in his own right and as chairman of the Foreign Relations Committee, is the most respected and influential Democrat on foreign affairs in the Senate, where the Democrats, who have a majority, could give Eisenhower the miseries.

But George has backed the President repeatedly on foreign policy and has rallied other Democrats to his support. It was no wonder the President this week publicly expressed his respect and admiration for him.

The vacuum has been created

by the performance of Sen. Knowland of California, Republican leader in the Senate. Ordinarily a president could expect his party's Senate leader to carry the ball for him on foreign relations. Instead, Knowland has repeatedly differed with Eisenhower. The resulting impression is that the Republicans are split down the middle on foreign policy.

For example, Eisenhower has been trying to handle the Chinese Communists carefully, with restraint. George goes with him. Knowland has been calling for a far more aggressive policy, even to the blockade of Red China.

Knowland felt it necessary to take a stand opposite Eisenhower's on the Yalta papers.

For a week the Republicans beat the Democrats over the head with the Yalta papers' account of the wartime Roosevelt-Churchill-Stalin meeting. Then Eisenhower stepped in. He said he opposed their use for political partisan advantage.

Promptly Knowland announced: “I don't agree with him. I intend to discuss Yalta whenever I believe it pertinent.” Then, although he didn't say he opposed Eisenhower's re-election in 1956, he said he was against drafting him to run.

The President, who almost never issues a personal rebuke to any of his lieutenants, has been patient with Knowland while at the same time being patient with the Red Chinese, with whom Knowland is very impatient.

This week, for instance, Eisen-

## To Walk The Night

By William Sloane

XXIX

JERRY and I set out, after breakfast, for a walk up toward the peak beyond and behind the mesa. Selena must have come home, for she was at breakfast, very still and without any morning small talk. She said she didn't want to walk, and that it was not a nice day, but she hoped we'd have a good time.

There was nothing really worth telling about the walk. We climbed pretty far up one shoulder of the peak and sat down to eat our sandwiches in the lee of a rock pinnacle. After we finished, I filled my pipe and Jerry put a cigaret in his mouth.

“Bark,” said Jerry, keeping his eyes on the view, “would you be willing to tell me now what it is you know?”

“I can't,” I told him honestly. “It wouldn't do you any good and it wouldn't prove a thing.”

He leaned back against the rock. “I've come to the conclusion that if I could find out who killed LeNormand and why, I'd know about this thing that's between Selena and me. I've been thinking over the whole business for a long time now. And I'm reasonably sure I've figured out what the only clue is.”

“Pretty long—clue work, wasn't it?”

“No,” he said calmly. “It wasn't long-range work at all. I had the clue with me. Those equations that were on LeNormand's table. He was working at them when he died, I'm sure of that.”

“Even if he was,” I told him impatiently. “A few pencil scratches on a piece of paper are seldom fatal.”

“That depends. They are if they're an order to a firing squad. Listen, Bark, you don't know what a big thing LeNormand was on to. The biggest thing in the world!” He was

silent for a second. “Do you remember any of your college math?”

“Not much.”

“Well, I'll try to explain it to you in words, then. Only it's hard to put into words. LeNormand's work followed the stuff of a guy named Minkowski. Ever hear of him?”

“Minkowski! Why do mathematicians have such cockeyed names?”

“NUTS,” said Jerry. “There have been jokes about your own name, and mine. Minkowski worked on the problem of time, among other things. Lots of people talk about time as if it were a fourth dimension. In a way it is; everything tangible has length and breadth and thickness and also it exists in time. It lasts. It has duration. If it didn't, you wouldn't be able to grasp its existence any more than you could figure out something that lacked one of the other three dimensions.”

“All right,” I said. “I agree to all that.”

“But,” he went on, earnestly, “in another way time isn't like the other dimensions. You can't see the time dimension of anything. You can even forget about it the way Euclid did, and do lots of things to geometrical figures, at least on paper, without taking it into account at all. Minkowski discovered that time is not any ordinary spatial quality of anything, but his idea was that it would become so if it was multiplied by the square root of minus one.”

“My old friend,” I remarked, “the square root of minus one! I haven't thought of it in years.”

“Well, LeNormand figured out a set of equations that proved the serial nature of time.”

“Huh?”

“Sure. There isn't just one

time. There are lots of times. Everybody believes that, if you stop to think about it. You've heard people say, ‘time passes slowly,’ or ‘the time went by like lightning.’ Well, it's sort of like the old song about who takes care of the caretaker's daughter? If you talk about time passing, you're actually measuring it against something, and that something is a sort of second time.”

\*\*\*

I SAT and waited for the rest of it to roll over me.

“The nearest way I can give you an idea of LeNormand's work is to say that he applied this theorem of Minkowski's to the conception of a serial time, or a bunch of times running on up into infinity. I know you can explain even with diagrams, but I guess you can see that everyone, from Einstein to little old Bill Feldman in the Math Department, was on his neck for it.”

“I don't see how they even understood it.”

“They didn't. Well, that's about all I can tell you about LeNormand's theories, because it's all I'm sure I understand. There's one last equation. I'm working on it now. If I can decipher what he was putting down in that . . .” Jerry's voice trailed off for a moment. “Anyhow, you see why I think LeNormand had hold of something big. He used to tell me some things you could do with his stuff, just for fun. He said once that if you could control your mind after you were dead and outside your body, you could make it travel through time. He used to tell me that it would do a lot of Christians good to go back and take a look at the Crucifixion before settling down to an eternity of bliss.”

We sat there for several moments without any more words. Perhaps Jerry was thinking. For my part, I knew that I could never understand what he had been talking about, so there was no use my trying any thought. I just sat.

When another child was coming to the home for a visit that Mike had never seen he asked if her head would be round.

“Of course,” someone replied.

“What shape did you think it would be?”

“It could be a crescent,” said the little youngster.

The grownup was a bit surprised.

“Do you know what a crescent is?” she asked.

“Sure,” said Mike, “it's a piece of a moon.” — H. B.

THE YOUNG MAN rushed into his office and glanced up at the clock. Everybody else glanced at the clock, too. It was 8:10 a.m.

“You shouldn't look at the clock when you come in late,” said a co-worker. “That makes everybody else look, too.”

“I think I did very well,” replied the young man, “considering I got up only 20 minutes ago.” Then he added: “Of course, I had to bring my toothbrush with me.”

Everybody laughed, but sure enough he had done just that. He plunked down on his desk not only his toothbrush but his toothpaste as well. After all, when he was

“THE BIRTHDAY CAKE was quite a success,” the young man said to a girl in his office whom he had told the day before that he was venturing into the cake baking field.

“Of course,” he went on to say, “the decorating was a little shaky, the icing had a hole in it and the cake was lopsided, but it tasted pretty good.” —H.L.

## 'Right-to-Work' Legislation Has Gained Limited Success

CHICAGO (AP)—A drive to establish "right-to-work" laws in new states this year apparently has had very limited success.

The legislation, which bans union shop contracts, was adopted by Utah, bringing the list of states which have the law on their books to 18.

A similar bill in Kansas was vetoed by Gov. Fred Hall and a move to override the veto was defeated. However, the Senate tacked the same bill on an administration-backed labor relations measure Wednesday despite the governor's announcement he will veto the legislation if it includes the right-to-work amendment.

The "right-to-work" laws have

## Rubber Workers Out On Strike; Bargaining Fails

NEW YORK (AP)—Some 35,000 CIO rubber workers struck at midnight last night against the 19 plants of the U.S. Rubber Co. in a dispute over terms of a master contract. Wages were not an issue.

The company and the CIO United Rubber Workers had been negotiating here for a new contract covering hours, working standards and holidays. The old contract expired at midnight.

E. M. Cushing, in charge of company negotiations, said early today, "It all happened suddenly."

Union officials were not reachable here for comment, but the Waterbury (Conn.) Republican quoted union official Clifford Owens as saying negotiations broke down 10 minutes before midnight.

Owens is president of the union's Local 45 in one of the three U.S. Rubber plants in Naugatuck, Conn., where 8,000 workers were affected.

Other U.S. Rubber plants are at Detroit; Chicopee Falls, Mass.; Eau Claire, Wis.; Philadelphia; Los Angeles; Mishawaka, Ind.; Providence, R.I.; Indianapolis; Passaic, N.J.; Woonsocket, R.I.; North Bergen, N.J.; Bristol, R.I.; Washington, Ind.; Fort Wayne, Ind.; Chicago; and Milan, Tenn.

The union and U.S. Rubber signed a wage pact last Aug. 31 providing a 6½-cent hourly raise.

At that time the union said the agreement boosted the average pay in U.S. Rubber plants to \$1.96½ an hour.

## Jelke Guilty Again, Says Jury Convicting Hear for Second Time

NEW YORK (AP)—Minot F. (Mickey) Jelke, handsome young oleomargarine heir, was convicted today for the second time on safe society vice charges.

He could draw up to 40 years in prison. Sentencing was set for April 28. Two years ago he was sentenced to three to six years on his first conviction, which was reversed on appeal.

Jelke was continued free in \$45,000 bail after the jury of 10 men and two women reported its guilty verdict at 1:16 a.m. after more than 10 hours deliberation.

He was convicted on two counts of compulsory prostitution—the legal term for the offense. The charges consisted of:

1. "Enticing, inducing and procuring" Pat Ward, now 21, to lead the life of a prostitute.
2. Attempting to do the same with Marguerite Cordova, 26, former night club hatcheck girl.

Chief defense counsel George Washington Herz told newsmen he would not discuss possibility of an appeal at this time.

## Conservative Party Makes Election Gains In British Balloting

LONDON (AP)—Conservative party supporters were jubilant today as their candidates tallied big gains in early returns from county council elections.

Although the voting was unusually light, trends were watched closely because of speculation that Prime Minister Churchill's government may call a general election this year.

With the count completed in 32 of London County's 42 polling districts, returns last night showed the Conservatives so far had unseated 14 Laborites on the local Council. The counting was expected to be completed today.

been a primary target of organized labor leaders who contend they raise a barrier to effective union security. The measures have been backed principally by industrial and business interests.

Labor efforts to nullify the legislation in states which already have it were completely unsuccessful in this year's legislative sessions. The laws are on the books of agricultural states of the plains area and others in the South and Southeast.

An Associated Press survey of legislative trends in the states showed that proponents of the "right-to-work" measures made efforts this year to have them adopted in 11 states.

There were moves in six states having the law to revoke or modify it.

Besides Utah, the states banning the union shop are Arizona, Arkansas, Alabama, Florida, Georgia, Iowa, Louisiana, Mississippi, Nevada, Nebraska, Tennessee, and Texas, Virginia, North Carolina, South Carolina, North Dakota and South Dakota.

In these states, the provision of the federal Taft-Hartley Act permitting the union shop has no legal force.

Attempts to modify "right to work" laws in the 1955 state assemblies were balked in Arkansas, Nevada, South Carolina, South Dakota and Tennessee. An attempt to eliminate the union shop ban from Iowa's 1947 act appears unlikely to succeed.

There was little attempt to bring about changes this year in other states where the "right to work" laws are firmly established.

Proposals for laws banning the union shop are pending in Ohio, Missouri, Colorado and Michigan, where they have little apparent chance of passage. Such efforts were killed in Idaho, Indiana, Massachusetts and West Virginia.

## Canada Survey Shows Population Trending Toward New Groups

MONTREAL (AP)—Canada is a combination of French and English-speaking peoples. Both languages are official and in many places are used with equal facility.

Figures advanced in Parliament, however, indicate that both the French and the English are going to have to move over and give a bigger share of room to people called New Canadians. These are refugees and other immigrants.

A Winnipeg MP told Parliament that when Canada had its first census 84 years ago, British origin residents numbered 60.5 per cent, French origin 31.1 per cent, others 8.4.

Four years ago the census figures were 47.9 per cent British origin, 30.8 per cent French, 21.3 per cent other groups.

In another 44 years, at the end of the century, trends should project this ratio, the MP said, to 32 per cent British, 30 per cent French, 38 per cent others.

## Sunday School Lesson Notes

By William E. Gilroy, D.D.

It was an English Unitarian layman, Sir John Bowring, who wrote the well-known hymn, "In the Cross of Christ I Glory," a hymn that has long outlived his death in 1872.

Sir John was a very remarkable man, whose official life in the service of the British Empire seemed in various ways at variance, as someone has recently pointed out, with the Christian expression of this hymn. For example: When, in an incident in which the British flag was fired upon, Sir John in revenge bombarded Canton, China, without consulting the home government. He was severely criticized under a motion of censure in Parliament.

He was a phenomenal linguist, who was said to have had a knowledge of two hundred languages, and the ability to speak a hundred of them.

But religion seems to have triumphed in his life, for though he wrote much and was a very active man of affairs, it is upon his hymn that his fame chiefly rests.

There is much about the hymn to occasion deep thought. First, there is the picture of a Unitarian, glorifying in the Cross of Christ, and glorifying in a very vital and personal way. The hymn reveals how much the Cross meant in his life, despite its apparent discrepancies—the Cross never forsaking him in the presence of life's woes, deceiving hopes, and annoying fears: glowing with peace and joy, and adding lustre to bright and radiant days, with a peace that knows no measure and an always-abiding joy.

It ought to remind us that the quality of personal faith and living cannot be judged by a person's attitude toward dogma—even the dogma that others might consider sacred and necessary. Here was a man who did not accept the orthodox conception of the metaphysical nature of Jesus, but who responded in vital faith to the Jesus of the Cross, the eternal Christ.

One might meditate, too, upon the hymnbooks in which Sir John's hymn appears, and on the congregations by which it is sung. Here in the hymnbooks is the great symposium of faith and life. Those

who sing, "In the Cross of Christ I Glory," sing equally the hymn of the Roman Catholic Newman, "Lead Kindly Light." And between those extremes are the hymns of saints and believers of all sorts, whose common experience was devotion to God.

If we were realists, the use of the hymnbook should make us lovingly tolerant and very humble, rebuking all narrow and sectarian ways in recognition of the true, wholeness and completeness of the unity in Christ.

What does it mean to glory in Christ's Cross? Some glory in it as something external to themselves. It is Christ's Cross, not theirs—"Jesus died and paid it all." It is something done for them; not a symbol of a cross that they themselves bear and share.

Really to glory in the Cross of Christ is to be bound by that cross to Him. A great Christian has told us what it means, and all that it means: "God forbid that I should glory, save in the Cross of our Lord Jesus Christ, by whom the world is crucified unto me, and I unto the world" (Galatians 6:14). Paul set glorying in the cross against the attitudes of those who would make religion a narrow and circumscribing thing, a matter of ritual observance.

The Cross of Christ is what Sir John Bowring called it—"Towering," a symbol of eternal greatness and grandeur.

## 'Life Is Witnessing' Is Sermon Subject At Immanuel Church

Palm Sunday worship service will be held at Immanuel Evangelical and Reformed Church Sunday at 10:35 a.m. "Life Is Witnessing" is the sermon that will be brought by Pastor Armin F. Klemme.

Monday night the church school teachers and officers will meet for their workers' conference.

The seventh midweek Lenten service will be led by the spiritual life department of the Women's Guild. This is known as the Lenten Quiet Hour. The theme of the service is "Christ Lives" and "I, Too, Shall Live." Mrs. Ruth Bremser is chairman in charge of the service. The Church Council will meet for its monthly session after the church service, which begins at 7:30 p.m.

Thursday the pastor will take private communion to those who are unable to come to church and

The women attended the convention of the State Medical Association Auxiliary which was held at the same time. Mrs. Campbell, who was a delegate to the state convention, was elected as a delegate to the National Medical Association Auxiliary which will be held in Atlantic City the first of June. Mrs. Boger, president of the Auxiliary to the Pettis County Medical Society, which makes her a member of the board, attended the state board meeting Sunday.

Mr. and Mrs. Walker Myers, Warrensburg, Mr. and Mrs. Roscoe Yarnell and family, Kansas City, visited Sunday and Monday with their parents, Mr. and Mrs. O. P. Myers. They all attended the funeral services for Charley Myers.

L. Marr, Versailles; secretary of Christian Education, Mrs. G. L. Marr, Versailles; Secretary of National Overseas Sewing, Mrs. George Campbell, Warrensburg; secretary of spiritual life and stewardship, Mrs. B. Y. Edelen, Sedalia.

Carnation corsages were presented to the following officers: the new synodical president, Mrs. Leven Gray, St. Louis, Miss Florence Ludy, Mrs. J. B. Jeans and Mrs. Charles Bower.

Mrs. Jeans announced that synodical would be held in Columbia June 18, 19 and 20.

Miss Florence Ludy gave an interesting address on the "Achievement and Work of National Missions." She told of interesting things accomplished at Palmer House in Alaska, Cordell College in Georgia, Canado Mission in Arizona and Cameron House in San Francisco.

Following the luncheon which was served in the basement dining room of the church, Mrs. B. Y. Edelen of Sedalia conducted a memorial service for deceased members of the association.

Thirteen Women's Missions Associations were represented out of the fifteen associations in the Sedalia Presbyterial. They were: Climax Springs, Mrs. A. R. Jackson; Deepwater, Mrs. Frank Hughes; Green Ridge, Mrs. Earl Hinken; Holden, Mrs. Lewis; Jefferson City, Mrs. Charles Churchhill; Knob Noster, Flossie Neitzert; Jacobe Chapel, Mrs. Allen Miller; Sedalia, Mrs. B. Y. Edelen; Tipton, Mildred Douglas; Clinton, Mrs. Ruben Raney; Versailles, Mrs. Alvin Wallen; Warrensburg, Mrs. Ralph Six; Blairstown, Mrs. Rupp; Pilot Grove and Oceola.

Two young people of Warrensburg, Jean Austen and Ben Timmerman gave interesting talks on the "Youth Budget."

Mrs. Leven Gray presented a very interesting talk on "Leadership and Followership," after which she installed the new officers of Sedalia Presbyterial.

The meeting was closed with a dedication service led by Mrs. Bower in which all present participated. Miss Margaret Volentine of Warrensburg sang as a solo, "Christ Is the Way," during the dedication ceremony.

Mrs. Bower announced that the Fall Presbyterial meeting will be held at the Presbyterian church in Clinton.

Those from Green Ridge attending were: Mrs. Earl Hinken, Mrs. Mattie Myers, Mrs. Lewis Dunlap, Mrs. Mary Johnson, Mrs. Edna Ryan, Mrs. J. M. Palmer and Mrs. L. H. Wadleigh.

## Corrected Recipe

Below is a reprint of a recipe for liver sandwich spread sent to us by Mrs. Joe Kanenbley, Florence. When previously published, among the ingredients listed was 1 pt. meat liquid full of grease and it should have read 1 pint meat liquid free of grease.

Cut in small pieces one liver, cover with water and boil 15 to 20 minutes. Grind liver and measure. Then grind twice as much cooked head meat or other scrap meat and grind together with three large onions. The second grinding makes the spread more spreadable.

## S-C Students Attend M. U. Speech Meet

By Larry Owen

Eight N.F.L. students and the sponsor, Miss Ann Sawford, attended a speech tournament sponsored by the University of Missouri and its Athenaeum Society and forensics activities league in Columbia March 24-26.

From Smith-Cotton were: Bonnie Lazenby, Karen Crosslin, Marcia Rissler, Clyde Kubli, Mary M. Hall, Wayne Brown, Lex Goldberg, and Tony Walch.

Wayne Brown placed third in oratorical interpretation. There were 14 entries from all over the state, most of which were seniors. Wayne is a sophomore.

In debate Bonnie Lazenby, Karen Crosslin, Marcia Rissler and Clyde Kubli represented S-C. Marcia Rissler and Bonnie Lazenby participated in humorous interpretation. In dramatic interpretations Mary M. Hall represented S-C. Lex Goldberg and Mary M. Hall entered in girls' and boys' extemporé. Tony Walch gave the original oration for Smith-Cotton.

Miss Sawford, sponsor of the high school's N.F.L. and speech department, ranks highest in the state of Missouri as an instructor in speech. The points that Miss Sawford received for such was due to the participation of herself and her students in forensics activities.

Four former Smith-Cotton students participated in the 20th annual Missouri State College Forensic Tournament March 10-12 at Central Missouri State College in Warrensburg. They are: Donald Barnes, Maurine Hoffman, Larry Lingle and William Hammond.

Barnes and Hammond were one of the two teams in the Senior Men's Division with Lingle and Hoffman in separate teams in the Freshman Division.

Lingle and his partner Paul Waterhouse, Kansas City, participated in five debates with various colleges and won all five. Lingle ranked one in all five debates.

Don Barnes tied first place in original oratory and Bill Hammond placed third.

In April Central College is sending Barnes, Hammond and Hoffman to California to a national speech tournament. They will be accompanied by Dr. Rau, head of the college speech department.

Forrest L. Drake, principal of S-C, attended a meeting of the North Central Association of High Schools in Chicago this past week. The North Central Association accredits high schools, colleges, and universities to charter membership.

Mr. Drake was a delegate on the reviewing committee.

Add two teaspoons allspice, one quart tomato juice, 1 pint meat liquid free of grease. Salt and pepper to taste. Pack in pint jars and process 30 minutes, 15 pounds pressure. Makes approximately 12 pints.

Kenneth Schlobohm

## Easter Seals Gave Sedalia Boy Happiness

"I hope they sell enough Easter seals to get all the little crippled children chairs," said nine-year-old Kenneth Schlobohm, son of Mr. and Mrs. Charles Schlobohm, Green Ridge, when he was told the Easter seal campaign was going on.

There isn't any wonder that Kenneth made that wish, because he knows well what it means to crippled children. Unable to use his arms or his legs like other children, he has found a new hope in his chair made especially for him.

Two years ago, before the Pettis County Crippled Children's Society had the chair made by the man from Kansas City who specializes in that, Kenneth couldn't hold his arms up. He had to have two pillows to put his arms on when he sat in the big overstuffed chair at the school where he was receiving special training by Mrs. George West.

That new chair for him made a difference in Kenneth's life. His arms and legs have been strengthened by it and now he doesn't need pillows when he sits in a regular chair and can sit there for quite a period of time.

Kenneth does his homework well and in the three years he has been attending the occupational therapy school has been promoted each year. He is now in the third grade and he loves going to school.

One day he fell against the wall

## Emery Kennedy Named President Of Association

Dr. Emery Kennedy, guidance director at Pittsburg State Teachers College, Kan., will become national president of the National Association of state supervisors and counselor trainers in Chicago this weekend.

He will leave Thursday for Chicago for the national convention, which is a subsidiary division of the American Personnel and Guidance Association. As president-elect, he will assume the national post at the close of the convention.

Dr. Kennedy has been guidance director at K.S.T.C. since 1948. He received his doctor's degree from the University of Missouri. Dr. Kennedy formerly served as a school superintendent and guidance director at various public schools in Missouri; as principal of Sedalia, Mo., on the staff of the Missouri State Department of Education and on the faculty at the University of Kansas. Several years ago he served as an advisor in guidance work for the public schools in Germany.

and dislocated his shoulder. It hurt but he didn't dare tell his mother because she wouldn't let him go to school. But after he got to school it was hurting more and more and Mrs. West could tell there was something the matter with him. When she asked if he was sick he told her about his arm and she sent for his parents who came right in after him and took him to the doctor. But he was soon back at schoolwork.

The thing he likes to do best is to make rugs like the one in the picture with him.

The Easter seals are now on sale by the Pettis County Crippled Children's Society and the more seals sold the more little boys and girls like Kenneth will have the table chairs and the many other things they need to give them an opportunity to overcome their handicaps. John C. McClosky is chairman of the Easter Seal Campaign in Pettis County.

## Sacred Heart News—Less Confusion Noted In Change Of Dismissals

By Eulalia Anton

This week has been a busy one for the students at Sacred Heart High.

Monday the student body was informed of the new evening dismissal schedule. With each class dismissing three minutes apart, the confusion has noticeably decreased.

The Spectrum staff has been hard at work getting the annual ready for publication. The boys section of the Camera Club met Tuesday at 3 p.m. to develop more pictures. The editors and writers will meet Saturday at 2 p.m. in the school library.

Thursday the soloists will travel to Warrensburg to sing in the Warrensburg Music Festival. As before, Janet Riley, soprano, David Wasson, tenor, and Bill Couhig, bass, will represent Sacred Heart in the contest.

The juniors held a class meeting last Thursday after school in Room B and are busy with plans and preparations for the Junior and Senior Prom which will be held April 11, their theme being Oriental Gardens.

The juniors will have a bake sale after each Mass next Sunday in the school cafeteria.

## Reuther Blasts The NAM

### Says Manufacturers Association Tries Campaign Against CIO Wage Demand

CLEVELAND, March 31.—President Walter P. Reuther of the CIO United Auto Workers charged today that the National Assn. of Manufacturers is attempting to "lay down a propaganda tear gas barrage" against the union's guaranteed annual wage demand.

It is doing so, Reuther said, by seeking to raise a "30-million-dollar war chest" through contributions by employers.

In a letter to NAM President Henry G. Riter, the UAW and CIO president called the fund-raising "an attempt to buy public opinion without regard to the public welfare." And he added:

"Campaign Consistent"

"I should like to remind you that this campaign is consistent with the NAM's undistinguished record of working against the best interests of the American people."

The UAW is holding its convention here and is putting final touches to the guaranteed wage program it hopes to win in forthcoming negotiations with the auto industry.

The NAM fund-raising campaign is being conducted through the organization's United Business Committee. Employers have been asked to contribute according to the number of employees they have. The NAM has not mentioned the size of the fund it expects to collect.

"Aimed At Inhibiting Public"

Reuther said the NAM "propaganda" campaign was aimed at keeping the public from making up its mind impartially about the "moral and economic merits" of the guaranteed wage.

He said the money raised could better be used for such "positive" things as better housing, educational opportunities and improved health facilities.

The UAW already has adopted a \$5 monthly dues increase to raise a 25-million-dollar strike fund to back its contract demands this year. The UAW has been carrying a publicity campaign in favor of it for months.

## Pay Day Moved Up In Air Force Starting April

Airmen's pay days will be moved up to the 15th and the last day of the month commencing with the April pay period, SAC finance officials announced this week.

Along with the change of pay days, officials also announced that USAF has approved a choice of either one or two pay days a month for NCOs.

March 31, officially ends the six-month test period for semi-monthly pay to personnel. Final test payments will make their final test payment to all SAC members on that date, or not later than April 5.

SAC's recommendations that NCOs be given the opportunity of choosing their pay periods went to the Air Staff last month. The recommendation was based on a SAC-wide survey which determined that most married NCOs desired the one-a-month pay plan.

Commanders with personnel outside the United States or in Alaska are authorized to establish once a month payments to all personnel at remote locations where circumstances warrant.

The new pay system will be uniform throughout the Air Force.

## Manslaughter Charged Against Lebanon Man

LEBANON, Mo., March 31.—A manslaughter charge was filed today against Woyt Lee Stott, 67, arrested after his car plowed through a group of six sisters walking home from school.

One of them, Jeannie Lucille Moore, 6, was killed. Another, Caron Lee Moore, 10, was injured seriously.

Stott, ordered held under a \$5,000 bond, will have a preliminary hearing April 11.

The injured girl was taken to a hospital at Springfield, Mo., where she underwent surgery this afternoon. She suffered a fracture of the left leg and a fractured pelvis.

## The Weather

Partly cloudy with strong shifting winds and scattered showers and thunderstorms northwest Friday forenoon; much cooler. Clearing and much cooler Friday night. Saturday mostly fair, a little warmer northwest. High Friday near 50 northwest.

Stage at Lake of the Ozarks 55.2, a fall of .2.

## New Pay Scales Effective Today— Ike Signs Legislation For Pay Boost To Military Career Men

WASHINGTON, March 31.—President Eisenhower today signed legislation giving a raise in pay to all members of the armed services who have completed their first "hitches."

The new pay scales go into effect tomorrow.

They affect nearly 1,700,000 officers and enlisted men and are designed to make military service more attractive as a career.

**Boost Of 13% For 3-year Men.**

Not including allowances for food and quarters, the pay increases average out to 13 per cent for officers with three years service and 11.7 per cent for enlisted men. Warrant officers and enlisted men must have two years service to qualify.

In addition to the Army, Navy, Air Force and Marine Corps, the higher pay rates apply also to the Coast Guard, Public Health Service and the Coast and Geodetic Survey.

The average increase over-all for career service personnel is 12 per cent, and will cost an estimated 750 million dollars a year. With some few exceptions, the measure provides increases in base pay only, plus a boost in bonuses for hazardous duty such as is paid to submariners, divers, demolition experts, paratroopers and other specialists.

**Sample Increases**

Here are some sample increases in monthly base pay:

Privates, from \$21 to \$23.80.

Warrant officers, from \$219.42 to \$251.20.

2nd lieutenants, from \$237.12 to \$266.40.

Majors and lieutenant commanders, from \$400.14 to \$429.

Four-star generals and admirals, from \$963.30 to \$1,221.80.

## Requests Explanation By Dulles—

### Senate Group Takes Up Query Over Yalta Papers Release

WASHINGTON, March 31.—The Senate Foreign Relations Committee today moved into the center of the politically explosive question over release of the Yalta papers.

Without objection, the committee voted to "request" Secretary of State Dulles to explain behind closed-doors all the controversial circumstances surrounding the March 16 release of the papers.

**Quiz Informal Memoranda Release**

Sen. George (D-Ga.), committee chairman, said a major point of inquiry is why informal memoranda and off-the-cuff remarks by the Big Three wartime leaders—Roosevelt, Stalin and Churchill—were included in the formal documents published by the State Department.

One such comment was Roosevelt's expression of hope that Stalin would propose a toast to the idea of executing 50,000 German officers. Another was Churchill's comment that he did not care much for Poles himself, but that the House of Commons would scrutinize his handling of the Polish question.

The decision of the committee to call Dulles came as a major surprise.

**Unhappy Over Publication**

Just last week George told a reporter he was unhappy about release of the papers. But sometimes, he said, it is better to leave a situation "muddled." More harm than good is sometimes done by bringing all the facts in certain situations, he said.

George said today the committee's decision to call Dulles "is not an investigation, please note that."

The New York Times obtained a copy of the Yalta papers on March 15. The State Department released them generally on March 16.

**Ike Urges About \$76 Millions Reduction In Budget For AEC**

WASHINGTON, March 31.—A \$75,900,000 cut in the Atomic Energy Commission's operating budget for the fiscal year starting July 1 was recommended by President Eisenhower today.

The White House said the reduction "does not mean a decrease in the scope of activities," but is made possible by savings in operating expenses and somewhat lower construction costs.

Eisenhower asked Congress to provide \$1,045,000,000 for the agency instead of the \$1,120,900,000 originally requested.

**Reward Offered For O'Fallon Bank Bandits**

ST. LOUIS, March 31.—A \$1,000 reward was offered today for information leading to the arrest and conviction of two men who robbed the bank of O'Fallon (Mo.) of \$11,508 last Tuesday.

The offer was made by the United States Fidelity and Guarantee Co., which insured the loss.

The FBI announced recovery of a stolen car used by the robbers and said it was being checked for fingerprints.

Billy Griffith, 16, son of Mr. and Mrs. Loren V. Griffith, 609 East 16th, a paper carrier for the Sedalia Democrat, was slightly injured Wednesday afternoon when his bicycle was struck by a taxi cab at Fourth and Ohio.

The youth suffered bruises and sprain to his left leg. He was taken to the Bothwell Hospital where Dr. J. W. Beger rendered medical treatment and had X-ray pictures taken to determine if there were any fractures.

A report was made to the police. The taxi cab which was involved was not located, and a further investigation is being made.

## Group Ratifies Pacts

### Senate Committee Votes 14-1 For German Arms, Sovereignty

WASHINGTON, March 31.—The Senate Foreign Relations Committee voted 14-1 today in favor of restoring sovereignty to West Germany and making her a partner in the defense of the West. Senate ratification of the German rearmament treaties may come before Congress begins its Easter vacation next Monday.

**German Independence Important**

Officials have stressed that a strong, independent and democratic German nation is a key-stone of American foreign policy. Secretary of State Dulles told the committee earlier this week that Senate approval of the treaties will "lay the basis for a new Europe."

Sen. Langer (R-ND) cast the only negative vote today. He did not explain his vote, but he has frequently spoken out in the past against what he considers to be entangling foreign alliances.

**Two Treaties To Be Ratified**

There are two treaties to be ratified. One would allow the West German Republic to build a 12-division army, a small air force and a coastal navy, all to be integrated in the military structure of the North Atlantic Treaty Organization. It would also give West Germany sovereignty.

The second treaty would admit West Germany as the 15th member of NATO.

**Over \$3 Millions Contracted For AF Construction**

KANSAS CITY, March 31.—More than 3-million dollars in contracts were let today by district Army engineers for construction work at Air Force bases in Kansas and Missouri.

Col. E. C. Adams said the following contracts were let:

Martin K. Eby Construction Co., Wichita, for \$1,085,296.84 for ordinance storage facilities at Smoky Hill base near Salina, Kan.

Bushman Construction Co., Kansas City, \$805,166 for extension of field facilities at Forbes base, Topeka, Kan.

## Legislature Recesses For Easter—

### House Okays Fair Easements, Water Bill, SAFB Land Control

Two bills in the House of Representatives at Jefferson City of interest to Sedalia which involve right-of-ways through the Missouri State Fair grounds for gas and water mains were passed by the House and are now being sent to the Senate for final action.

Representative Milt Overstreet reported the bills were included in about 40 which were passed by the Legislature, in the past two days. These bills cleaned up the calendar of bills which were up for final passage.

Overstreet also reports Senate Bill No. 88 which will grant cities to use parking meter monies to purchase property for off-street parking have been passed by the Senate Committee and referred to the Senate for action on the floor.

Another bill gives the federal government jurisdiction over additional land recently obtained at the Sedalia Air Force Base. It is a bill which brings up to date a law which has been in effect since 1947 on small parcels of land which have been acquired since the base was reactivated.

In effect it covers several acres of land which were purchased for the north-south runway when it was extended; some land obtained east of the base, and an acre of ground south of the base about 11

miles used for the radio tower, and other pieces in the area adjacent to the base.

The Legislature adjourned Thursday afternoon until after the Easter holidays. It will reconvene on Monday, April 11.

The Senate revised and advanced

Gov. Phil M. Donnelly's proposed \$75 million bond issue for new construction at the riot-battered penitentiary, the mental hospitals and universities and colleges.

The House killed a controversial bill to bar any State Tax Commission assessment increase order from becoming effective until a year has passed after its issuance. But sponsors of the bill hope to try again after Easter.

**Work On Minor Bills**

Both Houses then worked on comparatively minor bills. Among those passed by the House and sent to the Senate were measures to:

Let the state set up a revolving fund for central purchase of material like paper, ink and type-writer ribbons so savings can be made through quantity purchases.

Assure constitutional charter cities of less than 300,000 like Springfield, equal representation in the study of tax assessments.

Make the dogwood tree, soon to blossom throughout the southern half of the state, the Missouri state tree.

Give special charter cities the right to cook garbage before permitting its use as hog feed, in effect extending last session's so-called "hot lunch for hogs" law to those cities.

**All-School Free Concert At S-C Thursday**

Approximately 300 students from the grade schools and the high school in Sedalia Thursday night presented the annual All-School Orchestra at 8 p.m. in the Smith-Cotton High School auditorium. The concert was free.

Pupils from Broadway, Mark Twain, Jefferson, Horace Mann, Whittier, Washington, and Smith-Cotton were in the large orchestra. They were directed by Mrs. Carl Schrader.

The program was: excerpts from "Die Fledermaus," Strauss; "Land of Fiesta," Waters; "Parade of the Wooden Soldiers," Jersel; students of Washington and Whittier grade schools, accompanied by Mrs. Donath. "Invitation to the Dance," von Weber and Overture to "Rosamunde," Schubert by the orchestra. A brass quartet from Mark Twain school, "Battle Hymn of the Republic," Howe. "Gold and Silver," waltz, Lehar; "On the Western Trail," Waters.

After a short intermission: "Our Capital City," march, Waters; Theme from the "Unfinished Symphony," Schubert; "Mountain Medley," Waters, by the orchestra. The Washington grade school mixed chorus then sang: "God of Our Fathers," Warren; "Children's Prayer," Humperdinck; "O Sole Mio," De Capria; "Arkansas Traveler," American Folk Song. They were directed by Miss Eugenia Arnold and accompanied by Mrs. Ralph Salmons.

The orchestra under the direction of Mrs. Carl Schrader then played: "Cabaletta," Lack; and ended with "American Patrol," Meacham.

**Wheat, Soybean Futures Regain Ground Thursday**

CHICAGO, March 31.—Wheat and soybean futures regained a little of their lost ground in Board of Trade dealings today. The rest of the grain list was weak, however.

Reports of high winds and dust storms in parts of the southwest winter wheat belt was the main bullish influence in wheat.

The May wheat contract was weaker than the other deliveries most of the day due to spreading operations in which brokers sold May and bought the July contract.

Wheat closed 1/4 to 1/2 cent higher corn 1/4 to 1 cent off, oats 1/4 to 1/2 cent lower rye 1/2 to 1 1/4 cents down and soybeans 1 1/4 cents higher to 1/2 cent lower.

Austria bought 350,000 bushels of U. S. wheat and Chile has been allocated \$2,200,000 to buy U. S. wheat. An unsettling influence, was a trade report that Holland and Great Britain had bought an estimated 1,700,000 bushels of wheat from Argentina overnight.

Heavy receipts of 143 cars depressed corn prices. Oats started firm but weakened somewhat with corn in late trading.

All soybean contracts hit new seasonal lows before a recovery movement set in and sent all prices higher except the May delivery.

## Unsure Should Reds Hit

### US Undecided What To Do In Case Red Chinese Attack Quemoy, Matsus

WASHINGTON, March 31.—Senators who discussed foreign affairs for two hours with President Eisenhower today reported the administration has not made up its mind what to do if Red China attacks Quemoy and the Matsus.

As Democratic leader Lyndon C. Johnson of Texas put it, "The question of war or peace" in the Far East "is still with us."

Quemoy and the Matsus are islands close to the Chinese mainland and could serve as stepping stones in an assault on the Chinese Nationalist bastion of Formosa. The United States is pledged to help defend Formosa, but it hasn't committed itself regarding the islands.

**Ike Has Made No Decision**

"The President has not made any decision on defending Quemoy and Matsus," Sen. Wiley of Wisconsin, ranking Republican member of the Foreign Relations Committee, told newsmen. "The decision will depend on the development of facts in the future."

Other senators said nothing alarming came to light at the White House conference.

The President served lunch to the Senate leaders and then, with Secretary of State Dulles, gave them a briefing on the latest international developments. He held a similar bipartisan meeting with House leaders yesterday.

**Any Plans Undisclosed**

Ser. Russell (D-Ga.), chairman of the Armed Services Committee, reported: "If they know what they are going to do about Quemoy and Matsus, they didn't tell us."

In both the administration and Congress there are two schools of thought about the defense of the islands. One holds that the United States should intervene at once if the Communists attempt to capture them. The other believes that this country should not risk war for the islands, and that the defense should be left in the hands of the Chinese Nationalists.

The Democratic chairman of the Foreign Relations Committee, Sen. George of Georgia, said today he thought Eisenhower is right in not committing himself on the question now.

**Sees No Immediate Crisis**

George said after the White House meeting that "there is no immediate crisis" in the Far East, and Sen. Millikin (R-Colo.) added, "I heard nothing that alarmed me."

Democrats attending the briefing, Johnson told reporters, were "glad we were taken into confidence to the extent we have been."

Asked whether the possibility of a Big Four meeting with Russia was discussed, he said any general talk about foreign affairs "naturally would include the possibilities and probabilities" of such a conference. He did not elaborate.

**Two Negro Couriers For Narcotics Rings Sentenced To Prison**

ST. LOUIS, March 31.—Two Negro couriers for narcotics rings pleaded guilty today and were sentenced to three and half years in prison by Federal District Judge George H. Moore.

Sylvester Johnson, 24, of St. Louis, and Jack B. Madden, 50, of Chicago, both pleaded guilty to criminal informations charging transportation and concealment of heroin.

Johnson and Mrs. Georgie Jackson, also a Negro, were arrested last week after their arrival by train from New York.

Federal narcotics agents seized heroin valued at \$25,000 from the pair.

Charges against Mrs. Jackson are pending.

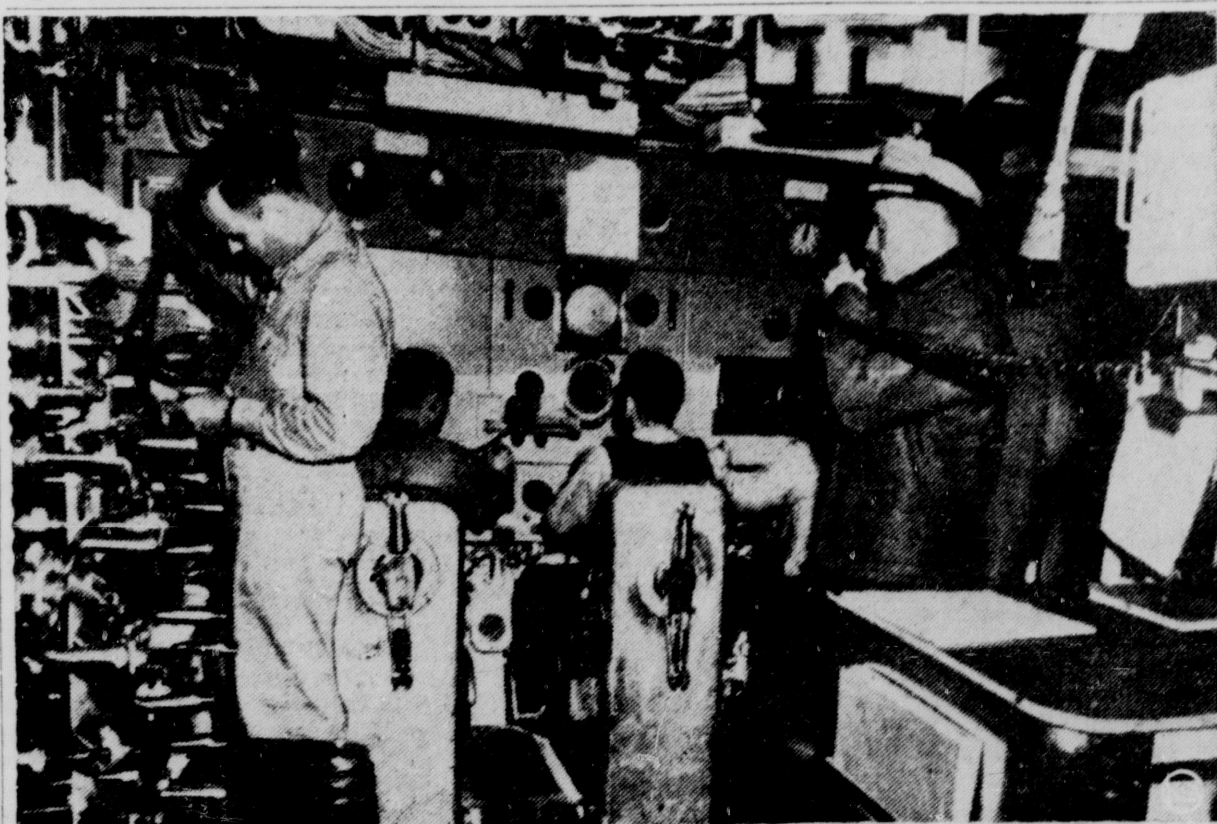

Madden was arrested here Feb. 17 after his arrival from Chicago. Agents seized four ounces of heroin.

**INSIDE STORIES**

In this modern day, it is unusual to learn of a woman delivering her own child — her eighth. See Page 10, Section 2 for the story of Mrs. Carter of Titusville, Fla.

The sidewalk improvement move is beginning to roll. For pictures and details of what is being done and what remains to be done, see Page 2, Section 1.

The top woman educator in the United States is the daughter of Sedalias. Maybe you know her. Read about her on Page 9, Section 1.

CONTROL ROOM OF NUCLEAR-POWERED SUB—This photo of the control room of the USS Nautilus, the world's first nuclear-powered submarine, is the first released by the Defense Department showing the interior of the room. At their stations are, left to right: Chief Electrician's Mate Robert R. Dunn, Manzanita, Ore.; Engineer 3/C Robert L. Moran, Bristol, Ind.; Engineer 2/C James A. # Sedalia's Schoolteachers In Visits To Businessmen On B-E Day Friday

"It looks like the people of Sedalia would know better than to plan anything in March after Scudda-Hoo Day," said Joe Rud-dick, manager of the Fox Theatre, as he watched snow-covered teachers and business people come into his theatre Friday morning in a real blizzard like the unforgettable day of several years ago when Sedalia had a premiere showing of the picture "Scudda-Hoo," a parade with real movie stars and the coldest, most terrible day ever.

But here it was March again, B-E Day in Sedalia, and another snowstorm so bad you could hardly drive or walk, and yet, like Scudda-Hoo Day, everybody was there. There was laughing and talking, greeting of friends and everybody trying to find the sign of the firm where they would be guests for the day.

## Mrs. Berry Elected Warsaw PTA President

R3 PTA had its regular meeting on Friday evening at Warsaw high school. The meeting was called to order and a scripture lesson read by the Rev. Oral Van Horn, chairman of the program.

Mrs. Elmer Follmer, president, conducted the business session. Ed-win Brady reported for the nominating committee and presented the following names for new officers for the coming year: Mrs. Ruth Berry, president; Mrs. Richard Kingma, vice-president; Mrs. Henry Ashley, secretary; Mrs. Darce Eaton, treasurer; Mrs. Elmer Follmer, historian. The officers were elected. The PTA voted to support the tax levy which will be voted on April 5.

Rev. Van Horn presented Norval Woirhaye, treasurer of the school board, who gave future budget plans for the coming year. Mr. Enderson, music director, presented five students in instrumental numbers which they will play in the contest.

## Arator Club Has All Day Meeting

A contributive dinner was served March 16 to members of the Arator Community Club at the home of Mrs. Nadine Wilson.

Mrs. E. L. Cramer read a prayer for the devotional and roll was answered by nine members and two guests, Mrs. George Worthley, Florence, and Mrs. Sam Henderson, Smithton, were guests, and later joined the club.

Following the business session games were played with the following winning prizes, Mrs. Sam Henderson, Mrs. Omer Cramer and Mrs. Wilson.

Mrs. Marvin May will be hostess on April 20.

## E. Lays Are Hosts To Fellowship Class

The Fellowship Sunday School Class of Knob Noster Methodist Church met with Mr. and Mrs. Elmo Lay Friday evening with 28 attending.

Mrs. Gordon Anderson, president, conducted the business session. Mrs. Glenn Frisbee led the devotions.

Various games were played in charge of Byron Lane.

Mrs. Lay served refreshments.

Mrs. Calvin Coolidge was a teacher of the deaf before she was married.

Bob Cain, chairman of B-E Day, presided at the meeting and said it was just about a year since the first B-E Day which had been so successful.

A Technicolor, animated film was shown which told how our business system was built on freedom.

The meeting closed with a prayer and all went out again into the storm to the various business places where phases of the business were explained by heads of the business firms to the teachers who were their guests.

At noon all gathered again at

St. Patrick's School, where luncheon was served, after which they went back to the same places of business where they had been and remained until 3:30.

B-E Day is sponsored by the education division of the Chamber of Commerce, of which Jack Shoemaker is director and Harry Brougher, chairman.

Cain told the group of the beneficial B-E Day held recently when business people visited the schools.

Because of the bad storm it was impossible to make the trip to the Sedalia Air Force Base today, so the teachers assigned there went to other places. Cash Hardware, which had not planned to participate this year, came in at the last minute and invited a number of those who were scheduled for the air base to their store.

For the buffet supper, the Ambassador Room of the Bothwell Hotel was decorated with red carnations and burning tapers in wrought iron holders entwined with fern. Placecards were made by Mrs. Donald C. Proctor and were very gay. Each white card held a miniature red carnation and each doctor was presented with a red carnation boutonniere.

Mrs. W. E. Martin, president of the Missouri State Medical Auxiliary and Dr. Martin, Odessa, and James Sherman of the Bothwell Hospital staff were special guests.

The invocation was given by Mrs. A. J. Campbell and Mrs. Boger presided over the meeting and introduced Mrs. Martin who made a short talk.

Dr. Karl B. Gonser, vice-president of the Pettis County Medical Society, was then called on for a brief talk.

Mrs. E. F. Yancey was in charge of the music and Mrs. D. P. Dyer was in charge of the games.

## Public Library Notes—

# Bible Continues to Top List Of Best Sellers During 1954

The often repeated statement that the Bible is the best selling book of all time is confirmed by the appearance for the third consecutive year of the revised standard version of the Bible at the top of the non-fiction list of best sellers of 1954, according to information just received at the Sedalia Public Library.

The list of the 20 best selling books of 1954 in U.S. bookstores includes 10 books of fiction and 10 of non-fiction. It has just been released by Publishers Weekly, the American book trade journal. The novel which sold the most copies during the year was "Not As A Stranger," by Morton Thompson, which points up the perennial interest in doctor stories. Six of the novels were by authors whose names have appeared on many previous best selling lists: "Mary Anne," by Daphne Du Maurier; "Love Is Eternal," by Irving Stone; "The Royal Box," by Frances Parkinson Keyes; "Sweet Thursday," by John Steinbeck; "Never Victorious, Never Defeated," by Taylor Caldwell, and "Ben-ton's Row," by Frank Yerby.

"No Time For Sergeants," by Mac Hyman, a humorous novel of life in the army, is the only "first" novel on the list. Hamilton Basso's "The View From Pompey's Head" and a re-issue of Walt-ari's "The Egyptian," which came out at the same time the movie

was released, completes the fiction list.

In addition to the Bible, there were three other non-fiction best sellers of religious interest. "The Power of Positive Thinking," by Norman Vincent Peale; "The Prayers of Peter Marshall," edited by Katherine Marshall, and "This I Believe: Second Series," edited by Raymond Swing. Two autobiographies, "The Tumult and the Shouting," by the late sports columnist, Grantland Rice, and "I'll Cry Tomorrow," by Lillian Roth, were included.

The only book on current affairs on the list is "But We Were Born Free," by Elmer Davis. All of the above titles on the list of best sellers of 1954 are available at the Sedalia Public Library.

Refreshments were served to 12 members and five guests.

## Mrs. Kyd Entertains Fortnightly Book Club

Fortnightly Book Club met Tuesday evening with Mrs. Eula Kyd, 206 South Grand.

One of the most outstanding programs of the year was given at this time by Mrs. Harvey Keens, member. She spoke on "Poetry," telling of Caedman the English monk, who wrote poetry during the 8th century. She stressed the English influence that the pilgrims had on early American poetry and went on to tell of the poets of today and closed by telling of Sedalia's poets.

## M.D. Auxiliary Honors Doctors With Banquet

The medical doctors of Pettis County give of their time, knowledge and training throughout the year to help as best they can the ill of humanity in this community. Illness always brings on tension and worry. This tension and worry is passed on from the patient and his family to the doctor who assumes these heavy loads as his share of life's responsibilities. So, in tribute to this noble profession, the Medical Auxiliary of this county has dedicated March 30 of each year as a special day set aside for national observance of Doctor's Day.

It is on this day that the medical doctors throughout the United States are given a pat on the back by a grateful public in appreciation of the medical skill applied to it in time of need.

This year the Auxiliary of the Pettis County Medical Society honored the doctors of Sedalia with a buffet supper at the Bothwell Hotel at 7:30 o'clock Thursday evening, March 24.

Because of conflicting dates with the Missouri Medical Society meeting in Kansas City this week March 24 was chosen instead of March 30. However, Wednesday, March 30, is still National Doctor's Day when Mrs. J. W. Boger, president of the Pettis County Medical Auxiliary, and Mrs. C. H. Brady and Mrs. M. P. Shy will present each doctor with his official flower, a red carnation. Carnations will be taken, also, to the Bothwell Hospital, Hospital No. 2 and Buena Vista and it is on this day that the general public may show its appreciation to its medical men.

Mrs. P. V. Siegel was in charge of the Doctor's Day observance Thursday assisted by Mrs. D. C. Proctor and Miss Frances Trader.

Other committees were: Social, Mrs. John E. Lamy, chairman, Mrs. J. A. Lamy, Mrs. Carl Siegel and Mrs. D. R. Edwards; reservation committee, Mrs. A. L. Walter, Mrs. W. A. Beckmeyer, Mrs. W. E. Bess, Mrs. W. J. Bishop, and Mrs. J. E. Mitchell; entertainment, Mrs. P. V. Siegel, Mrs. E. F. Yancey, Mrs. D. P. Dyer, Mrs. A. J. Campbell, Mrs. Karl B. Gonser, Mrs. T. J. Hopkins, Mrs. A. L. Lowe, and Miss Frances Trader; decorations, Mrs. Gordon Stauffer, chairman, Mrs. H. A. Hite, Mrs. F. B. Long, Mrs. E. C. Snively.

For the buffet supper, the Ambassador Room of the Bothwell Hotel was decorated with red carnations and burning tapers in wrought iron holders entwined with fern. Refreshments were served to 12 members and five guests.

## Red Cross Notes—

## Bryson District Completes Class On First Aid

R. R. Conn and Russell R. Conn, Jr., have completed a standard and advanced class in Red Cross first aid at the Bryson District. Thirty members were enrolled in this class.

Cecil Smith and Walter McMillen have completed a standard class in first aid with nine members enrolled. This was a group of auxiliary police of the American Legion, which, after completing the first course, enrolled in a second class for advanced first aid. These sessions are held at police headquarters.

Mrs. L. E. Strecker, secretary of the Gray Ladies, who will give service at the Sedalia Air Force Base hospital has mailed schedules for April to 19 volunteers of this group who will serve during the coming month.

## Eldorado Club Makes 52 Cancer Dressings

Fifty-two cancer dressings were made at the March 23 meeting of Eldorado Extension Club meeting. Mrs. Dick Easter was hostess.

Mrs. Cleis Allen read the news letter and presented the handicraft lesson. Six members answered roll with "My Hobby." Mrs. Dan Gordon read a letter from Arthur Gans on sweet potatoes.

The April meeting will be held with Mrs. Ernie Eldson.

## J. Monsees Shows Films at PTA Meet

Smithton PTA met March 18 with Mrs. P. V. Siegel presiding. A committee for the paper drive was appointed. A discussion was held on whether the PTA would serve at the Junior-Senior prom. James Monsees showed films.

Refreshments were enjoyed during the social hour.

## Variety and Style Show Pleases Audience Who Braved Rough Weather to See 'Circus'

In spite of the bad weather there was again a large crowd Friday night at the last showing of the Variety and Style Show sponsored by the Smith-Cotton PTA. Mrs. L. W. Duly, general chairman, closed her 12 years of PTA work and her third year as general chairman of the show with the presentation Friday night. This year her son will graduate and this job which, she said, is a hard one is one of satisfaction when after all the work, worry, and maybe a few tears, ends with the show Thursday and Friday nights. Mrs. Duly was introduced by Mrs. Gib Owen, PTA president.

"The Greatest Show On Earth", the circus, which was the theme of this year's variety show was under the direction of Mrs. Carl Schrader with Miss Lois Gordon and Marilyn Garrett directing the dance numbers. Lucille Kirby, the majorette, led the band in the parade and performed at intervals throughout the show.

No circus is a circus without clowns and the three clowns, Larry Owen, Jerry Jones and Buck Bennett kept the crowd laughing with their antics. One of the highlights of the show was Larry Owen singing "Laugh Clown Laugh" with Jerry Jones singing with him on the chorus.

Marilyn Garrett joined them for the number, "Jumping Jacks" and also was featured in the number "Popcorn and Lemonade" with a chorus of circus vendors, Don Edde, Jim Rice, Bob Kreger, Dick Shoemaker, John Walch, Ronnie Hoppes, Jim Croy, Jerry Fox and Perry Fairfax.

A pretty number was the Hawaiian Dancers in grass skirts. They were Bernice Bacon, Kay Carrel, Pat Cassing, Donna Chambers, Janet Ragar, Gloria Williams, Clo Greer, Judy Hammond, Glenda Haney, Suzy Lansdowne, Judy Scruton and Clara Wilborn.

The bareback riders with their stick horses did a clever little act. Dressed in black dresses with short skirts, the ruffles of their petticoats matched the color of the horse's head, pink, blue, orchid, red, green, all colors. These girls on the galloping ponies were Shirley Williams, Charlotte Houston, Barbara Dunn, Sandra Baker, Elinor Van Dyke, Barbara Rissler, Peggy Garrañson and Pat Eaton.

The ballet chorus with Beverly Carl and John Brummet as they sang "Dream Lover" was composed of Pat Aldridge, Berleen Curtis, Nancy Pace, Jane Knight, Pat Kreger and Sandra Maune. The girls were in formal of pastel shades and carried wreaths of flowers.

Friday night the girl tumblers were equally as good as Thursday night with their act being well received by the audience.

It takes everybody doing their job well to make a good show and there is a thrill being a part of it no matter what it is. One boy after the show the first night said with a tone of pride, "I got to help with the lights" and after all that is an important part of the show, too. If somebody did not take care of the lights at the right time, it could spoil the show.

The style show Friday night had many children in it with the very kind of clothes both little boys and girls would love to have for Easter Sunday morning. Adult clothes for both women and men certainly were a wide variety. There were lovely frocks for young women, most of them with the full skirts with many petticoats, the fitted waists, bows of all kinds and sashes. Hats were pert and looked like spring and the handbag trend was to the basket style. There were shorts and peddle pushers shown and even maternity dresses. But the men really topped this year's fashion show. After showing all the new types of clothes for men from the conventional suits to sport clothes which included an

### Flower Trims Bring Freshness to Flats And Casual Footwear

Right from sunny California came the first rage for flower trims. Starting with flats and casuals, in fabrics and woven straws and straw cloths, their freshness and young look quickly caught on until the vogue for flower trims is nation wide.

It isn't restricted to casuals any more. Some of the prettiest party shoes, particularly the open sandal types, add a cluster of blossoms on the vamp for that new feminine look.

Some of the blossom trims are really wonderful — delicate ceramic blossoms in Dresden blues and pinks, with gleaming green leaves. Some are made of all jewels — rhinestones, fake sapphires and emeralds for dazzle. Pearl-finished blossoms match the shoe, pick up the new luster tints.

A far cry from these exquisite trills, but just as smart in their place, are the flowers in the new hot colors, made of felt, exotic straws or what have you.

### Training Union Rally Will Be Held Today

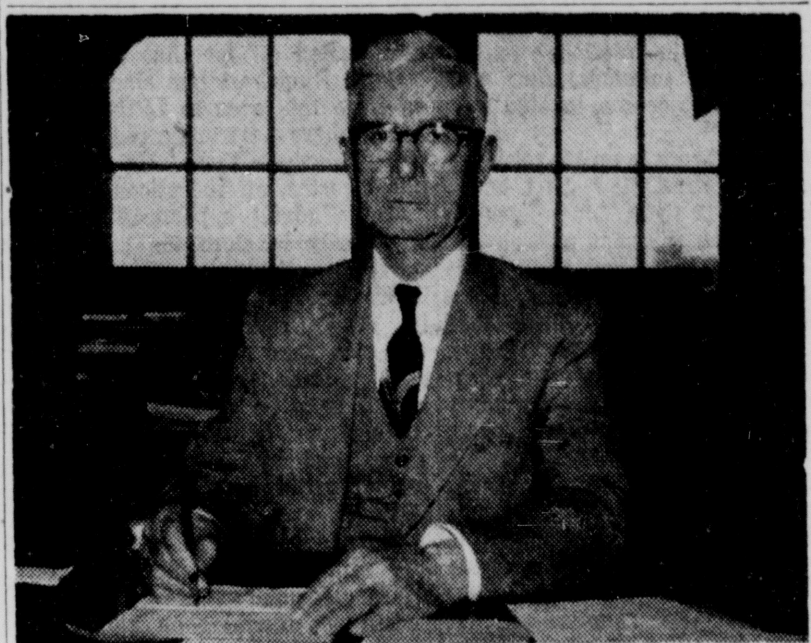

Harmony Association Training Union Rally will be held this afternoon at the LaMonte Baptist Church at 2:30.

The speaker will be the Rev. John Crutchfield, pastor of the First Baptist Church in Richmond, Mo. He will take for his subject, "How the Pastor Can Work with the Training Union."

All Baptists of Pettis County are invited.

outfit with light blue slacks and sweater and a large bright print cap, the last model was left to last or he might have stopped the show then and there. Nonchalantly he walked on to the stage smoking a pipe and attired in an outfit with blue shorts and blue socks that came up to a bit below his knees. And that will be what the well dressed man will wear for recreation this summer.

The stores showing Friday night were Youth Shop, Connor-Wagoner, Wilson's, Lockett's, Flowers's, Maxine's and Russell's. The signs giving the names of the organization were placed on the stage and side of the stage by April Burton. Judy Case was the accompanist and Carlisle Hume's orchestra furnished the music for the style show.

Frank Durham

## Frank Durham Is Given Pin And Pass for 50-Year Service

Frank Durham, chief clerk to the superintendent of the Missouri-Kansas-Texas railway shops in Sedalia has been awarded a gold diamond crowned pin for 50 years of faithful service, and a lifetime gold pass on the road for himself and Mrs. Durham. In the letter of recognition from D. V. Fraser, president of the MKT, he was commended for his long service.

"Few men have the privilege of achieving such an unusual distinction," Fraser wrote, "and I can well understand the great pride you must feel upon its attainment, which pride is shared by your best of friends and fellow workers on the Katy railroad."

During the "depression years" it was necessary to make every possible reduction in forces in all departments and Durham's position, like many others, was abolished. He then, Sept. 1, 1931, came to Sedalia as chief clerk to the shop superintendent with the understanding the assignment was temporary. However, he has kept on here and is well satisfied with his present position. He and Mrs. Durham reside at 621 West Seventh, where they own their home.

Mr. and Mrs. Durham's son, Howard W. Durham, a major in the Regular Army engineer corps, is now residing with his wife and three sons at Station College, Tex. A stepson, Donald D. Kingsolver, is now residing near Denver, Colo., with his family of two girls and one son.

Durham entered service of the Katy Railroad as a car carpenter, March 27, 1905, at the Sedalia car shop. He advanced during the next

several years to time keeper, wheel inspector, chief clerk to superintendent of the car department, steel car supervisor, chief piece-work inspector, inspector of new car equipment, and general inspector of that time he was located in Parsons, Kan. and Denison, Tex. His next move was to St. Louis where he served as Mechanical Accounting Engineer, later to Parsons, Kan. in the same capacity and next back to St. Louis where

## McGuire Letters In Basketball At Wesleyan U.

Foster McGuire, Knob Noster, former Central Missouri State College athlete now attending Nebraska Wesleyan University, Lincoln, Neb., was one of twelve basketball players who qualified for letters during the season just completed. The announcement came from Coach Irvin L. Peterson of Wesleyan.

Peterson said the 12 would receive official letters upon the successful completion of 12 or more semester hours of college work during the current semester.

Six of the lettermen are seniors; three juniors; two sophomores; and one freshman. McGuire, whose schooling was interrupted by a stint in the armed services, did not return to CMSU but entered school at Wesleyan U. in 1953. He is one of the two sophomores to qualify for the letter. He was the only Missouri listed.

## Flats Take On Better Style From Early Ballet Slippers

Lots of women have discovered that they like to wear flats. By necessity they bought them in the teen-age departments where they first came to fame. However, many women wanted a slightly sturdier flat, and one with a little more style than the classic ballet shoe which started the trend.

This spring and summer they have an almost limitless choice. Flats seem to be in the shoe picture for keeps, and the variety of new materials and trims, plus firmer soles and better fit makes them both more practical and more appealing.

Colors are wonderful. For casual and weekend wear, the hot shades, in shag, in suede, in smooth leather, in fabrics, to wear with slacks, Bermuda shorts and swirling cotton skirts.

Exquisite pastels in calf, kid, skin or reptile are just the things with the sheer cottons, batistes, dimities and lawns—the "pretty baby" dresses which were such a hit with grown-ups last summer.

Heels add greatly to the chic of many of the new flats. Tiny baby heels, either pancake or miniature French, very piquant, especially with a slim platform to match. Typical example, a dress flat of palest mauve pink kidskin with narrow platform and baby Louis heel of black patent. Sparkling jet nailheads on the vamp pick up the theme.

Strawcloths make some very smart midsummer flats—as for instance, one of white black or natural straw with square vamp, narrow contrasting sole, flat stacked leather heel and straw flower trim.

Or a brilliant harlequin Basque cloth on rubber sole, one of the new washable flats for all-around sports wear introduced this season.

Gay terry cloth, spattered with big white polka dots, with carry-all bag to match is a nice seashore or summer patio accessory.

Colorful fruit is a very popular trim for flats for casual wear—while dressier ones go in for pearl ornaments, clusters of fabric or plastic flowers or embroidered motifs.

For wear with city suits, there are some wonderful witty sophisticated little flats that pick up the tricks of more formal shoes. They go in for backless designs, for T-straps and delicate cut-out vamp treatments. Colored, striped or printed linings are sometimes a feature of the more youthful models.

City flats come in sueded, in polished leather and reptile, or sometimes in combinations. Almost always the little heel and sole contrast either in color or material with the shoe itself. Black and navy polished leathers are classics. Grey suede is a favorite. And there is interest in the honey or ginger browns or beiges with smart touch of black patent. Of course red, including the new spring flame, is a basic, again often with the black touch.

B-E DAY ORIENTATION—These are some of the teachers who gathered Friday morning at the Fox Theater to have explained to them the fundamentals of American business and to learn what kind of program was in store for them as they spent the rest of the day visiting local business firms. (Lohmer Photo)

## Grass Always Looks Greener—

## Rev. Warren Neal Addresses Participants Of B-E Day on 'Across the Fence' Topic

The Rev. D. Warren Neal, pastor of the Broadway Presbyterian Church, was the speaker at the Business - Education Day luncheon at St. Patrick's School Friday noon at which business people had as their guests the teachers who were spending the day in their firms.

"Across the Fence" was the subject chosen by the speaker who said that spring was a new adventure in new life and that was exactly what the teachers were experiencing in a new life. This, he said, is a day when teachers are given an opportunity to see what is on the other side of the fence and if our town is to grow there must be an understanding of the other fellow.

The grass, he pointed out, looks greener on the other side of the fence and the other person's job looks easier, but when we learn more about it we probably wouldn't want to trade.

We are all cogs in the wheel of progress in our city, Rev. Neal said. We have to live with other people and we have to live with ourselves. This is a great country, the speaker told the group, a land where every man can speak his own mind, can get up and address groups and we should thank God for such a land. "What does business do for our country?" he asked and went on to tell how it builds communities through its taxes, with schools, streets, sanitation, protection and recreation through parks.

B-E Day, said Rev. Neal, provides a means for teachers to learn the inside of running a business, how businessmen must meet payrolls and taxes, buy and sell, know how much merchandise to buy and many, many other details that go with such an operation.

Rev. Neal said he had sat down with businessmen in the Chamber of Commerce, men who had put aside their time that was needed to try to satisfy customer, investors, employers and to do the endless things to keep his business going, and yet, these men took time to go there and help in the progress of their community. It takes cooperation and coordination, he said, understanding of other people's problems, to be a part in the life of Sedalia.

The meeting was presided over by K. U. Love, president of the Chamber of Commerce, with invocation by the Rev. J. P. Nolan, pastor of St. Patrick's Church.

Love then introduced those at the speakers table, Dr. Heber U. Hunt, superintendent of schools, the Rev. A. J. Brunswick, pastor of Sacred Heart Church, the Rev. J. P. Nolan, Jack Faber, executive

manager of the Chamber of Commerce, Mrs. Ike L. Warren, treasurer, and Miss Clarice Mettler, secretary. He also introduced Jack Shoemaker, director of the education division of the Chamber of Commerce, and Robert Cain, chairman of B-E Day activities, who gave a word of welcome.

The meeting closed with the benediction by the Rev. J. P. Nolan. Throughout the dinner served by the St. Patrick's Altar and Rosary Society, music was furnished by Mrs. Mae Moser.

That the teachers were enjoying themselves on B-E Day was certainly in evidence at the luncheon with laughter, talking and many favorable comments on the business firms where they were guests.

One teacher went on to tell what a wonderful thing she thought it was and how much it meant to the teachers. She went back in her own mind to when she was

a little girl in school and had had an older teacher who would go places for a couple of days and then come back to the school room to tell of her experiences and what she saw in those two days. This teacher remembered how these experiences were always fresh and new and how much it meant to the children to share them. This is the same thing she said. This is something different, something out of her own world even though it is in her own town, a new adventure that she can take back to the school room and share with her pupils.

And so the business men and women who just a month ago spent a day in the schools and came out with a different viewpoint, a better understanding of the school room, have given a day to the teachers that will be passed on to the children in those school rooms — an adventure in the land of business.

## Gromyko Allegedly Leaks Secret Plan—

## West Says Soviets Violated Disarmament Secrecy Rules

LONDON, March 25 (AP) — The Western powers accused the Soviet Union tonight of gross violation of the secrecy rules of the five-power London conference on disarmament. They pledged, however, to push ahead with the negotiations "to cast aside the horrible threat of H-bomb warfare."

The Western powers charged that Soviet Deputy Foreign Minister Andrei A. Gromyko leaked to the Soviet news agency a plan presented by him to the conference and gave out a "Downright misrepresentation" of the Western position.

## Guilt Of 'Breach Of Faith'

The British Foreign Office in a statement charged Gromyko with a "gross violation" of secrecy rules agreed upon at the start of the conference a month ago. The State Department in Washington said the United States, Britain and France agreed Russia was guilty of a "shocking breach of faith."

Canada is the other member of the conference authorized by the United Nations. The United States and France also issued statements underlining continued Western efforts to get an agreement.

Gromyko, chief Russian delegate, left London yesterday for Moscow, via Stockholm, after giving an interview on the talks to the Soviet Tass agency. That interview touched off the Western denunciation. His place at the conference was taken by Jacob Malik, Soviet ambassador to London.

A British spokesman said repeated Russian leaks show clearly that Russia "is all out for propaganda and not for talks which might make progress."

Has No Comment Gromyko, arriving in Stockholm on an official visit, told reporters he had nothing to say about the British blast.

In his Tass interview published early today, Gromyko accused the West of wanting "to pursue the armaments race" and of blocking agreement on scrapping of nuclear weapons.

He detailed a Russian plan calling for step-by-step reduction of conventional weapons, like tanks and artillery, and leading to eventual abolition of nuclear arms.

The Russian plan apparently is

## Warns Guard To Be Ready For Defense

Missouri National Guard officers were told today that both the army and air elements of the organization must be prepared to take a major part in any defense necessary for the nation.

The speaker was Lt. Gen. Leon W. Johnson, commanding general of the Continental Air Command, who spoke at the 8th annual meeting of the Missouri National Guard Assn. About 500 officers are attending the two-day conference.

"It is no secret any longer," General Johnson said, "that a number of squadrons of the Air National Guard in various sections of the country is standing runway alert today with aircraft, loaded guns, helping out the Air Defense Command in defending key industrial areas."

"It is equally well known that a large part of the Army National Guard is in a state of similar readiness in anti-aircraft sites of the nations."

While Missouri Air National Guard units are not participating in D-Day defense plans, General Johnson said the Air Force expects in time to supply Missouri units with B-57 light bombers, which he described as the latest equipment. Missouri Air Guard units are located at St. Joseph and St. Louis. "Nationally, the Air National Guard has proven again that its units can respond to urgent and demanding roles," the speaker said. "For the second time in 10 years, most guard units are again at or near full strength, operating and maintaining nearly full allowances of equipment, flying and performing to high standards of duty."

## Sedalia Youth Finishes Navy Boot Training

John Irvin Brooks, son of Mr. and Mrs. John Henry Brooks, 4100 South Kentucky, recently completed his Navy boot training at the Great Lakes Naval Station, Ill., and is now spending a 14-day leave visiting his parents here. Brooks will report back to the Great Lakes on April 1 to enter the Navy electrician mate school for 16 weeks of schooling.

He enlisted in the Navy Jan. 6 for four years and was assigned to the Great Lakes. During his boot training he qualified and was made a member of the famous Blue Jacket Choir, a well-known choir composed of Navy personnel. While in school in Sedalia he was a voice student of Mrs. A. R. Beach.

While in school he played Junior American Legion baseball and was also a member of the Smith-Cotton High School basketball team.

His father served in the Navy during World War I.

## Hiway Maintenance Truck, Auto Damaged In Collision Friday

A Missouri State Highway maintenance truck and cinder spreader was damaged and a 1954 Dodge sedan was badly wrecked in a collision on U. S. Highway 65 near the Benton-Pettis County line, Friday. The accident occurred about 9 a. m. while the truck was being used for a snow plow clearing the highway.

The truck was driven north about 20 miles per hour by Paul Shipp, Route 1, Sedalia, and the sedan was driven by Paul Copas of Booneville, also headed north when the mishap occurred.

The sedan crashed into the rear of the truck. The cinder spreader was located on the rear end of the truck and was demolished. The front end of the sedan was extensively damaged. Damage to the sedan was estimated by Trooper Pete Stohr of the State Highway Patrol at \$400.

An elaboration of proposals first put before the U. N. General Assembly last October.

Western delegates say it is "quite similar" to Allied disarmament proposals, but that Russia has indicated no willingness to agree on the practical details of armament control by an international commission.

Ambassador James J. Wadsworth, the chief U. S. delegate, issued a statement calling the Gromyko interview "dishonest."

## Community Concert—

## Noted Ballet Stars Appear Friday with Varied Program

## Jaycees Elect Jack Delph As President

## Installation of New Officers to Be Held Evening of April 14

Jack Delph

Jack Delph was elected the new president of the Sedalia Junior Chamber of Commerce at Thursday night's meeting at the Pacific Cafe. He succeeds Mike Bogutski, who left Sedalia in January to join a law firm in Kansas City. His term begins April 1. Delph is a charter member of the organization.

Other new officers elected were: first vice-president, Bob Ward, who succeeds Bob Hare; second vice-president, Carl Yates, who succeeds Verrell Martin; secretary, Peter Potter, who succeeds Jim Ruthrauff; and treasurer, Jim Askren, who succeeds Bob Ward.

New board members elected for two-year terms, were Verrell Martin, Dick Thomas and Bob Hare, who succeed Charles Wendt, Gene Kent and Harold Barrick. Holdovers are James Van Wagner, Jr., Herald Foster and Jack Delph. Delph will resign from the board to assume the presidency, and a special election will be called to elect a board member to fill the vacancy.

Installation of the new officers and board members will be held April 14 at the Pacific Cafe.

The Jaycees voted their recognition of the value in civic service of the Woman of the Year contest now being sponsored by the Charles Aubin Tarr Chapter 7, Disabled American Veterans, and pledged their support and assistance.

The meeting was presided over by Bob Hare.

## March of Dimes Drive Over Top For Fifth Year

Scott Webber, campaign director for the Pettis County Chapter of the National Foundation for Infantile Paralysis, has announced that the final county March of Dimes total is \$10,630, passing the goal for the fifth straight year and establishing a new record high.

Some of the major activities collected as follows: Pettis County schools, \$740; Mothers' March on Polo, \$4,000; Sedalia Air Force Base, \$1,915; rural communities, \$1,550; radio and television, approximately \$300; theater collections, \$425; and approximately \$1,500 from mail donations and special projects.

A few of the special projects were the organized labor dance, Beta Sigma Phi Style Show and Card Party, and a square dance sponsored by the Saddle Club.

The drive's goal of \$9,500 was passed in mid-February when the Air Base put on its drive. Webber wishes to pay a special tribute to all those who worked on the campaign.

Accidents

Two employees of the Dunn Beverage Co., 813 West 16th, narrowly escaped serious injury about 4 p. m. Wednesday when the truck they were riding in crashed into a culvert tubing. The accident occurred about ten miles east of Preston on Highway 54.

The large truck loaded with soda pop cases and bottles was being driven west on the highway by Robert Hawkins, 310 East Tower, and accompanied by Frank Vanderpool, 127 East Saline. Hawkins reported he had crossed over the Little Niangua bridge and gone approximately 400 feet when the steering wheel seemed to release and turn, the front end began shaking and the truck went out of control.

The truck swerved to the right side into a ditch and went a short distance, crashing into the large steel culvert tubing which had been placed there for a crossing from the highway into a field. The right front end of the vehicle was smashed in and demolished.

Hawkins received minor bruises and was shaken up. However, he was able to take another truck out on his route Thursday.

Vanderpool suffered a severely bruised right ankle but no fractured bones.

The two men were able to get out of the truck, walk to a farm home and notified J. L. Dunn of the beverage company of the accident.

Chamberlin's wrecker was sent to the scene and towed the truck back to Sedalia.

Two cars were damaged about

5:15 p. m. Thursday in an accident in the 700 block on west Main.

Involved in the mishap were a 1949 Oldsmobile driven by Albert A. Johnson, 620 North Heard, who was southeast after having made a turn, and a 1950 Buick being driven east on Main by Charles W. Lemmon, Route 1.

Damage resulted to the left rear portion of the trunk on the Johnson auto and to the right front end, fender and headlight of the Lemmon vehicle.

Residents of Pampa awoke today surrounded by a heavy dirt fog that cut visibility to less than one block. Rain began falling about noon and light snow drifted in about 2:15 p. m.

Amarillo had snow late in the afternoon with a 35-degree temperature.

The dust cloud center apparently passed Lamesa about 4 p. m. with winds blowing a steady 45 to 50 miles an hour. There were gusts up to 62 miles per hour.

The Weather Bureau reported a severe thunderstorm sweeping through Fort Worth and Dallas about an hour apart.

The Arkansas City Weather Bureau had warned there would be "scattered severe thunderstorms, with possible tornadoes, along a line and 40 miles on either side of a line from 60 miles northeast of Fort Worth to 60 miles south-south-east of Fort Smith, Ark. from 3 to 9 p. m.

The forecast also called for possible hail with winds up to 50 miles an hour in the Fort Worth-Dallas area.

Boxers Of SAFB Are Participants In Boxing Meet

Three boxers from the Sedalia Air Force Base participated in the Great Plains Conference Boxing Tournament held at Ellsworth AFB, S. D., the past week. They were handled by S/Sgt. Robert L. Wimberly, boxing coach.

A/C Mathews Fields leading middleweight of the SAFB lost in the elimination rounds. He came back the following day to fight three rounds, which he won, but not until after the fight was it known Mathews had fractured his thumb in the second round.

A/C Harold Benjamin, lightweight, had a like experience in his bouts. Benjamin was a loser in the eliminations but won a bout he had the second day as a preliminary.

A/C Murphy Parrish, welterweight, lost in the eliminations.

The Air Force team to be entered in the World-Wide Tournament is composed of eight winners from the Great Plains Tourney, with Lowry AFB winning five berths, Francis E. Warren AFB three, and Ellsworth AFB two.

S/Sgt. Wimberly of the A and E Squadron, was chosen as one of the trainers for the team.

Garden Lovers, Care Free Chickens Issue In Canolou Election

CANALOU, Mo., March 31—(AP)—Garden lovers vs. Canolou's care-free chickens—that's the burning issue in the municipal election here next Tuesday.

The citizens of this southeast Missouri town of 400, in New Madrid County, will vote on a proposal to direct the town board to legislate the roaming chickens into confinement.

Ernest Muffett, only member of the town board up for re-election, outlined the controversy this way:

"The past several years citizens who have had gardens ruined have demanded some action from us."

But some of the chickens people have been against it.

"Me, I'm neutral. I've got a garden and I've got chickens. Both are fenced in."

"If I am re-elected I'll take whatever action is indicated by how the people vote on the proposition."

City Engineer Aids Repairs Of Sidewalks

Another Source Predicts Council Action This Spring

The city engineer's office has been subject to many inquiries about the repair and construction of sidewalks in the past three weeks, according to W. C. Davis, head of that department.

Recently, Davis outlined the proper procedure and accepted building practices of sidewalk construction in a report to the Democrat-Capital. At that time he explained that, "It is the responsibility of the property owner to maintain sidewalks adjacent to his property."

He urged that all proposed building of sidewalks be cleared through his office.

"Sidewalk construction must meet certain specifications," he said.

It was pointed out that the city engineer would establish and lay the grade line and would furnish the property owner with recommended plans for the work.

"We will continue to aid the property owner in anyway possible in building good walks," he added Wednesday.

Sedalia's sidewalks have been termed a "disgrace to the city" by some residents and council action is expected this spring, according to one important source.

It has been pointed out that in addition to unsightliness and danger to pedestrians from improper sidewalks, there is the additional hazard of court action brought by an injured pedestrian against the property owner. Protection against this and accompanying improvement in the appearance of Sedalia is worth the time and money.

The accompanying pictures illustrate the danger of many public sidewalks, and what one Sedalian, Loren V. Griffith, 609 East Sixteenth, is doing about it.

The Griffith improvement was approved by the city engineer.

Barbara Grady Named Treasurer At Mo. Valley

Barbara Grady, a freshman at Missouri Valley College at Marshall, has recently been accorded one of the highest honors attainable by a woman student at Missouri Valley. Barbara has been elected to serve as treasurer of the Women's Student Government Association, the governing body of all women resident students at the college. Service on the Association Council is not new to Barbara, having served previously as a Council member.

Barbara is a mathematics major and is active in many campus activities. She is an active member of Delta Zeta, national social sorority, and is chairman of the Delta Zeta Standards Committee. She is a member of both the Science Club and the Future Teachers of America chapter. In Valley Players, campus dramatics organization, Barbara is active and played a minor role in the Valley Players fall production. She was in charge of costuming for the spring production "Medea".

Sedalia CAP Figures Well In National Rescue Scene

The Sedalia Squadron of the Civil Air Patrol, just a year and seven days old, has packed into its year of active participation two rescue missions, flown en sorties, had 20 rescue mission flying hours and been responsible for one find out of 17 in the United States.

A statistical report of the Air Rescue Service within the continental limits of the United States shows the activity of the Civil Air Patrol. The big story is the CAP flew over 11,000 hours, (actually 11,095 hours in-missions) participated in 110 missions, flew 6,056 sorties and objectives located were 17.

The ARS were in on 100 missions, had 784 sorties, flew 2,211 hours, and made 15 finds. Other agencies in on search missions participated in 60, flew 1,911, had 5,386 flying hours and made 46 finds, these include the aircrews other than CAP and ARS, farmers, hunters, ground search parties and other individuals who accidentally stumbled on the objects being checked.

It is notable that CAP participated in all 110 actual search missions.

Other missions participated in (evacuation, false, and others); CAP all 59, flew 276 sorties, flew 424 hours, ARS 17 missions, 124 sorties, 206 flying hours; other agencies, seven missions, 131 sorties, 159 flying hours.

The total mission activities saw the CAP in on all 169 missions; with 6,332 sorties and 11,059 flying hours. The ARS was in on 117 missions, flew 908 sorties, and logged 2,417 hours. Other agencies did 67 missions, 2,042 sorties, and 5,327 hours.

The one find was made by Capt. Douglas Rhinehart of the Sedalia

SAFAB Bowler Gets 25th In AF-Wide Bowling Tourney

Capt. Donald C. Ganzer, winner of the singles and all-events trophy in the recent Great Plains Bowling tournament, was 25th in a field of 60 in the Air Force-Wide Bowling tournament, at Park Ridge, Ill., the past week. Capt. Ganzer was the only Sedalia Air Force bowler to make the Air Force-wide tournament.
